LOW-INCOME ENERGY ASSISTANCE PROGRAM (LEAP)

METERED FUEL VENDOR AGREEMENT

Agreement made this ______ day of _________________, 20____ by and between the State of Colorado, Department of Human Services (hereinafter referred to as the State) and [Vendor name and address]  
___________________________________________________________________ (hereinafter referred to as Vendor or Contractor).

WHEREAS, Title XXVI of the Low-Income Home Energy Assistance Act of 1981 (P.L. 97-35) provides for Home Energy assistance to Eligible Households; and

WHEREAS, The parties hereto desire to establish an arrangement to carry out the provisions of this Act and to assure that funds available under this Act are used in accordance therewith.

NOW, therefore it is hereby mutually agreed:

I. The following definitions shall apply in the interpretation of this Contract:

A. "Household" or "Eligible Household" is one that has applied for energy assistance and for whom the Vendor has been notified by the County LEAP Office that payment will be made to the Vendor on behalf of the Household;

B. "Home Energy" shall include electricity, fuel oil, natural gas, coal, propane, wood, kerosene, or any other fuel used for heating a residential dwelling;

C. "County Department" means the County Department of Human/Social Services of a particular county as designated by the State (for the purposes hereof, when the County Department is so designated by the State, the Contractor may consider, interact, and deal with such County Department as the authorized agent of the State);

D. "Non-Bulk Fuel" is an energy source for home heating, which is provided by a utility company and is regulated and metered by the utility company. Normally, non-bulk fuel includes natural gas and electricity;

E. "Bulk Fuel" is an energy source for home heating which may be purchased in quantity from a fuel supplier and stored by the Household to be used as needed. Normally, bulk fuel includes wood, propane, kerosene, coal and fuel oil;

F. "Primary Heating Fuel" is the main type of fuel used to operate the primary heating source of the dwelling;

G. "Home Heating Costs" are charges directly related to the primary heating source used in a residential dwelling;

H. "Estimated Home Heating Costs" (EHHC) are the amount of heating costs incurred during the previous heating season to be used as an estimate or projection of the anticipated heating costs for the current heating season (November 1st through April 30th). Such costs shall not include payment arrearages, investigative charges, reconnection fees, or other such charges not related to fuel prices and consumption levels. Estimated home heating costs for an Applicant Household shall consist of the total actual home heating costs for the primary heating source for the prior year for the
Household’s current primary residence. Vendors are required to provide actual home heating costs if available;

I. “Program Year” means from November 1st through April 30th for the Basic Program or until funds run out, whichever occurs first;

J. “Eligibility Period” means there is one eligibility period for the program year - November 1st through April 30th or until funds run out;

K. “Overpayment” means a Household received benefits in excess of the amount due that Household based on eligibility and payment determination in accordance with LEAP rules;

L. “Good Faith Efforts” are documented attempts to reach Eligible Households through phone contacts, written correspondence and/or personal visits; and to jointly establish a monthly payback schedule not to exceed the current bill plus an agreed upon fraction of all arrearages;

M. “Supportive Fuel” means an energy source needed to operate the primary heating system in a residential setting, such as electricity as a supportive fuel required to operate a natural gas furnace.

N. “Heat Related Arrearage” means any past due amounts for the primary heating fuel and/or supportive fuel.

O. “Tampering” or Tampered Account” means unlawfully or unauthorized adjustment of fuel to the household by altering equipment such as a gas or electric meter.

II. Responsibilities of the Vendor:

A. The Vendor shall implement the following provisions:

1. The Vendor will charge the Eligible Household, in the normal billing process, the difference between the actual cost of the Home Energy and the amount of the payment made by the State;

2. The Vendor will not treat a Household receiving assistance under the program adversely because of such assistance;

3. The Vendor will not discriminate, either in the cost of the goods supplied or the services provided, against the Eligible Household on whose behalf payments are made;

4. The Vendor will credit an Eligible Household’s account promptly and no later than ten (10) working days after a payment is received for such Household and credit will be reflected in the next normal billing;

5. Upon notification by the County Department, the Vendor will reimburse amounts to the County Department within ten (10) working days in the case of incorrect payments or overpayments;

6. If notified by the County Department that a Household has been approved for the Basic LEAP benefit payment that the Vendor shall:

a. Initiate, continue or restore service, whichever is applicable, to the Household within 24 hours of notification and continue utility services for at least sixty (60) days after such notification, unless:

1) the Eligible Household is in a pending shutoff situation and the Basic LEAP program year benefit is an amount less than 25% of the Household’s arrearage, or;
2) the Eligible Household is shut off and the Basic LEAP program year benefit amount is less than 50% of the Household's arrearage.

If (1) or (2) exist the Vendor may, at the Vendor's discretion, refuse to accept the Basic LEAP program year benefit and not be required to continue service, reinstate service, or deliver fuel.

If the Vendor refuses to accept the LEAP program year benefit, the Vendor shall notify the County within three (3) working days and send written notice to the Eligible Household advising them the payment will not be accepted and no holds/reconnect will be offered. The benefit shall be paid to the Eligible Household.

b. Make a good faith effort to establish or re-establish an installment or modified budget billing arrangement with the approved Household if the Household is in an actual or potential shut-off situation at any time during the program year. This effort should begin as soon as possible after the Vendor receives notice that the Household has been approved for the Basic LEAP program year benefit.

Good faith effort is defined as documented attempts to reach Eligible Households through phone contacts, written correspondence and/or personal visits; and to jointly establish a monthly payback schedule not to exceed the current bill plus an agreed upon fraction of all arrears;

c. If a LEAP benefit is offered on a disconnected account, and the current disconnect is due to tampering of gas or electric service, the Company will be required to restore service only if the LEAP payment exceeds 70% of the past due account. If a LEAP payment is offered on a tampered account and it is for less than 70% of the disconnected amount, the Company reserves the right to not accept the LEAP benefit for purposes of restoring service. If payment is not accepted for reconnect, the benefit would be provided to the client as a direct client pay. The utility may accept less than 70% but must as a condition of acceptance restore service and make arrangements on any remaining balance.

7. The Vendor will not terminate utility services of a Household approved for the Basic LEAP Program payment after the sixty day period referenced above and throughout the time the Household remains eligible unless:

a. The Household fails to enter into an installment or modified budget billing payment plan with the Vendor; or

b. The Household fails to make the required payments under an installment or modified budget billing plan or any other payment plan negotiated with the Vendor;

8. The Vendor will not terminate service or refuse service of a Household approved for the Basic LEAP program year benefit if such Household presents to the Vendor a medical certificate, signed by a licensed physician or health practitioner acting under a physician's authority, stating that termination of service would be especially dangerous to the health and safety of any member in the approved Household as prescribed in Colorado Public Utilities Commission, 4 CCR 723-3, 3407, 3408, 3409.

9. If the Vendor has been notified by the County Department that a Household has applied for the Basic Program benefit, the Vendor will not terminate services to the Household for ten (10) working days (10-day hold) after notice that application has
been made or until the Vendor is notified of the eligibility determination of the Household, whichever occurs first;

10. The Vendor shall maintain confidentiality of information provided by the County Department about a Household's benefit in accordance with applicable Federal and State Laws;

11. The Vendor shall return any payments that cannot be credited to an account within ten (10) working days to the County Department;

12. Assure that when a Household moves or no longer uses the originally approved Vendor, the Vendor shall report any credit balance, within ten (10) working days, due to the Household (up to the amount paid on behalf of an eligible Household, excluding any deposits made by the Household) to the county. A reasonable attempt must be made by the Vendor and the County Department office to locate the Household.

   a. If the Household is located, the Vendor will forward the LEAP credit balance directly to the Household within ten (10) working days.

   b. If the Household cannot be located within thirty (30) working days, the Vendor will keep the funds available for the Household for the remainder of the current fiscal year and at the end of the federal fiscal year (September 30) any LEAP credit balance will be forwarded by the Vendor to the Energy Outreach Colorado; 225 E. 16th Ave, Suite 200; Denver, CO 80203.

   c. Upon County Department request, the Vendor must return such credit balance to the Energy Outreach Colorado within ten (10) working days of the county request.

   d. If the Vendor has sent the LEAP credit balance funds to the Household, and a recovery is necessary, the County Department will recover from the Household, not the Vendor.

13. The Vendor shall refund any credit balances to the Eligible Household after May 31st of the current year upon the Eligible Household's request;

14. In the event that service cannot or will not be delivered by the Vendor to the Household, the Vendor shall return the total payment amount or the credit balance due to the Household, whichever is applicable, (up to the amount paid on behalf of an Eligible Household excluding any deposits made by the Household) to the County Department within ten (10) working days;

15. The Vendor shall accompany all payments returned to the County Department with a notification showing the Vendor name, the Household's name, the amount returned on behalf of the Eligible Household and the date and reason for return by the Vendor;

16. All funds due to the County Department shall be returned to the County Department no later than August 15 of the current year;

17. All other requirements of Federal and State laws and regulations shall be adhered to;

18. The Vendor shall provide all customers subject to utility shutoff or who are financially unable to purchase fuel with address and telephone number information about the Low Income Energy Assistance Program;

19. In appropriate cases the Vendor will furnish a Household with information on and provide assistance in establishing a budget-billing plan. The calculation used to establish the Household's monthly payment under such budget-billing plan shall
include any payments made on behalf of the Household by the Low Income Energy Assistance Program as well as payments to be made directly by the Household;

20. The Vendor shall establish such fiscal control and fund accounting procedures as may be necessary to assure the proper use and accounting of funds under this Agreement. All records maintained by the Vendor relating to this Agreement shall be available on reasonable notice, for inspection, audit or other examination and copying, by State and County Department representatives or their delegates. Such records shall show the amount of Home Energy delivered to each Eligible Household, the amount of payments made for Home Energy by such Eligible Households, the dollar value of credit received on behalf of each Eligible Household, the balance of available benefits and fuel costs and all documents and calculations in establishing the estimated home heating costs. All records shall be maintained for a period of 3 years following the termination of this Agreement. The State and County Department reserve the right to monitor the implementation of this Agreement by the Vendor.

21. The Vendor will provide County Departments documented actual home heating costs for the period of November 1st through April 30th for any Eligible Household using their service. Such costs, if possible, shall be based on historical usage and such costs shall be provided to the County Department within 10 days of request. If the Vendor fails to provide estimated home heating costs for an Eligible Household for the period of the prior year, the County Department shall make any payments to the Eligible Household (not the Vendor), unless the Vendor documents that such data are not available due to no meters, broken meters, no prior year’s service, skips in service, or other reasons as established by the Colorado State Department of Human Services. The State and County Departments reserve the right to audit Vendor estimating procedures, and to terminate the Vendor Agreement if estimates are found to be inaccurate or inappropriate;

22. The Vendor will refer their customers to the Heat Help Line @ 1-866-432-8435 in instances where their customer is requesting a LEAP application packet;

A. Non-compliance by the Vendor with any of the above assurances of this agreement or applicable law or regulations shall be grounds for immediate termination of this agreement. Such termination shall include termination of payments on behalf of Eligible Households and immediate return of credit balances or refunds owed to the County Department. Such termination is in addition to all other legal remedies available to the County Department, including investigation or prosecution of fraud in connection with this agreement.

B. All Vendors will be required to establish an account with a financial institution to receive payments via direct deposit through electronic funds transfer (EFT).

C. All Vendors will be required to establish internet access to retrieve LEAP applicant approval information and LEAP benefit payment data from the State of Colorado, LEAP website @ www.colorado.gov/cdhs/leap.

D. Vendor credits to Eligible Household accounts shall not be made to the following Households:

1. Households that do not pay home heating costs directly to a Vendor;
2. Households for which a Vendor agreement has not been established;
3. Households for which an appropriate Vendor cannot be determined or feasibly paid on behalf of an eligible Household.

E. Payments shall not be made to a landlord or other provider of shelter.
F. All funds reimbursed to the County Department by fuel Vendors shall be reissued to the Household or the appropriate Vendor or refunded to the County Department in accordance with rules of the state.

G. If the Vendor has provided 60 days of continuous service in accordance with the 60 day no shutoff provision of the LEAP Vendor agreement, and the Household moves and is no longer served by that Vendor, payment will be made to that Vendor, unless the Household owes no money on that account.

III. The State shall itself or through the County Department, as the case may be:

A. Promptly advise the Vendor of the name, address, account number, if any, and amount to credit to the account of each Eligible Household. The State will also provide vendors with a password to retrieve payroll information from the vendor website.

B. Notify all Eligible Households of the amount of Home Energy credits to be made on their behalf to the Vendor;

C. Make timely payments to the Vendor for credit to Eligible Households for Home Energy supplied in accordance with the terms of this Agreement;

D. Promptly notify the Vendor of all pertinent changes in this program caused by changes in applicable law or regulations.

IV. General Provisions:
