

# Tribal LIHEAP Crisis Programs FY 2016

State	Tribe	Eligibility	Crisis Definition	Max Benefit
Alabama	Poarch Band of Creek Indians	60 SMI	Clients must have had a crisis situation within the last three months. This is defined as a loss or reduction in income, through no fault of their own or a major medical incident and a disconnect notice or near empty tank. Other losses of income may qualify the client for Crisis Assistance and eligibility is decided on a case-by-case basis.	\$325
Alabama	United Cherokee Ani-Yun-Wiya Nation	60 SMI	A crisis can be any number of circumstances to include but not limited to: Loss of job or reduction in hours; Climate extremes causing high energy costs; Utility cutoff due to act of God or due to loss or reduction in income; Heating or cooling system functions diminished or inoperable.	\$1,200
Alaska	Aleutian Pribilof Islands Association	150 FPG	The household must be within 48 hours of shutoff, out of fuel, or within a day of running out of fuel.	\$2,500
Alaska	Aniak Traditional Council	150 FPG	Our clients will need a written disconnection notice from our Electric Company and they will need a notice from the fuel vendor stating they are out of heating fuel.	\$500
Alaska	Association of Village Council Presidents	150 FPG	A household that has properly exhausted their heating assistance benefit from the previous fiscal year's program, or has not yet received a heating assistance benefit for the current year, and meets one of the following criteria: 1) The household has run out of heating fuel/firewood or has electricity services terminated; or, 2) The household will run out of heating fuel/firewood or have electricity services terminated within 48 hours.	\$229
Alaska	Bristol Bay	150 FPG	A crisis is when a household is within 48 hours of shut off, out of fuel, or within a day of running out of fuel.	\$5,250
Alaska	Chuathbaluk Traditional Council	60 SMI	A crisis is when a person has received a shut off notice for their electricity and they have no anticipated income previous to the actual shut off date. If the household consists of at least one elder (over the age of 70), or an infant under the age of one year old, the predicted outside temperature of -5 degrees Fahrenheit for the next 5 days is used.	\$400
Alaska	Cook Inlet Tribal Council	150 FPG	The household must be within 48 hours of shutoff, out of fuel, or within a day of running out of fuel. Also their income for the month prior to the date they signed their application must be less than their shelter costs (mortgage/rent, electric and heat) for the same time period.	\$2,200

State	Tribe	Eligibility	Crisis Definition	Max Benefit
Alaska	Kenaitze Indian Tribe	150 FPG	All clients must have exhausted their regular benefit amount and demonstrate that they have contacted other local agencies for assistance. Income and benefit levels are calculated the same as the regular benefit. All applicants must apply for the State of Alaska General Relief Program and verification must be sent via phone, fax, email or in writing. Phone verification will be made with Love Inc., to verify that an application or intake took place and whether the application is pending, denied or approved. If approved through either agency Kenaitze Indian Tribe will conduct an eligibility review. If either denies application or intake, further investigation prior to processing application will be made by the Social Services Assistant and/or the Social & Financial Services Manager. The household must submit a shut off notice and obtain direct notice in writing or verbally from a utility vendor and has a need for further assistance in order to keep from shut off after the regular benefit has been exhausted. In a crisis situation purchase of space heaters, blankets, sleeping bags, emergency lodging (NTE 3 days), and prevention of shut-offs and payment of reconnection charges will be determined by the Social Services Team Lead and/or Social Services Administrator. An additional grant may be issued if the client is subject to shut-off and has documentation that it is medically necessary to prevent a shut-off. The Homer Electric Association tariff - Special Disconnect Notice for Ill or Handicapped Members - 30 day notice prior to disconnect -	\$5,250
Alaska	Kodiak Area Native Association	60 SMI	A household may receive expedited crisis assistance if: the applicant has requested expedited services; and the household's gross monthly income is less than the household's monthly shelter costs; and/or the applicant has suffered, or will suffer within 48 hours, termination of fuel or home heating-related utility services; and the division has verified the application.	\$1,500
Alaska	Orutsararmiut Native Council	150 FPG	Households with a shut off notice or that have less than 5 gallons of heating fuel, medical need, households which contain elders 60 years or older and small children 5 years and younger. Households in danger of running out of heating fuel in 18 hours or less.	\$350
Alaska	Seldovia Village Tribe	150 FPG	A household that has properly exhausted their heating assistance benefits and meets one of the following: A household that has had notice that fuel or heating related utility services will be terminated. Fuel or heating utility will be terminated in 48 hours. If heat is included in rent, and eviction notice has been received.	\$200
Alaska	Tanana Dena'Nena'Henash	150 FPG	Households who have a sole source heating unit and are in jeopardy of running out of heating fuel source within 5 days. Households with dual source heating units and are in jeopardy of running out of both heating fuel sources within 5 days.	\$1,468

State	Tribe	Eligibility	Crisis Definition	Max Benefit
Alaska	Tlingit-Haida Regional Housing Authority	150 FPG	A client that is out of fuel, getting electric disconnected within the next 48 hours, or have an eviction notice	\$1,500
Alaska	Yakutat Tlingit Tribe	150 FPG	a crisis occurs when an applicant is determined to be eligible for assistance and has suffered, or will suffer within 48 hours, termination of fuel or home heating related utility services.	\$273
Arizona	Cocopah Indian Tribe	150 FPG	Crisis Assistance is defined a household receiving a shut-off notice, out of propane, unable to pay for these services is considered a Crisis.	\$350
Arizona	Colorado River Indian Tribes	150 FPG	CRIT defines a LIHEAP crisis as when an individual or family lacks the financial ability to pay the utility bill, and has been threatened with the impending termination of services, or services have already been fully terminated.	\$1,000
Arizona	Gila River Indian Community	150 FPG	Households with an elderly (55+) and disabled or children 5 years an under whose household have received a pending disconnection notice or services, or are currently disconnected.	\$800
Arizona	Pasqua Yaqui Tribe	60 SMI	Crisis means that the client is at risk or threatened by an inability to meet the basic necessities of life such as food, shelter, utilities and clothing due to circumstances beyond their control, possibly caused by natural disaster, fire or financial hardship. For regular non-life threatening situations, crisis is determined when a client has a delinquent bill or a late payment notice bill, or in cases where a bill constitutes a high percentage of a fixed income.	\$300
Arizona	Quechan Indian Tribe	150 FPG	The Quechan Indian Tribe identifies an emergency situation according to a client receiving a final shut off notice or power shut off.	\$200
Arizona	Salt River Pima-Maricopa Indian Community	150 FPG	For an elderly (+55), disabled, or child under 16 whose household has exhausted the regular benefit and is in a crisis in which the power cannot be shut off such as, but not limited to, the following situations: Medications that require uninterrupted refrigeration; CPS Threat of removal of a child in the custody of a grandparent because of the unsafe environment that would be caused by a lack of electricity for heating orcooling; Post medical procedure or emergency convalescence at home.	\$3,000
Arizona	San Carlos Apache Tribe	150 FPG	A household with a pink slip, disconnection notice will be determined to be in crisis.	\$300

State	Tribe	Eligibility	Crisis Definition	Max Benefit
Arizona	The Navajo Nation	150 FPG	A household may be eligible for crisis assistance if there is an imminent loss of heating or cooling energy. Less than 5% of fuel supply (e.g. reading of 1/8 tank or less on standard 275 gallon heating oil tank; reading of 25% or less on a propane tank; 3-day or less supply standard applies to other delivered fuel types. Dysfunctional or unsafe primary heating system and no secondary heating system is available. Notice of intent to disconnect utility services if the household's main heating/cooling system requires electricity and/or natural gas. Deliberate failure to maintain account up to date doesn't qualify as a life-threatening crisis.	\$1,500
California	Berry Creek Rancheria - Tyme Maidu Tribe	60 SMI	The household must have received a 24 or 48 hour shut off notice, be out of fuel, or there is a situation considered life-threatening.	\$400
California	Bishop Paiute Tribe	60 SMI	The Bishop Paiute Tribe uses the federal definition of a crisis: weather-related and supply shortage emergencies and other household-related emergencies.	\$225
California	Coyote Valley Band of Pomo Indians	60 SMI	The household must have received a shut-off notice, have no wood when wood heat is the only source of home heating, or have an empty tank of propane when propane is the only source of home heating.	\$150
California	Enterprise Rancheria	60 SMI	Receiving a shut-off notice, 24/48 hour propane is less than 20% in tank	\$340
California	Hoopa Valley Tribe	60 SMI	A crisis is constituted by a client bringing in a 48 hour notice, or a shut off notice from vendor	\$500
California	Hopland Band of Pomo Indians	150 FPG	Household must have received a 15 day, 48 or 24 hour shut-off notice or have an empty fuel tank. Household lacks the appropriate amount of firewood, propane or other deliverable fuel to provide adequate heating. Verification from vendor or Tribal LIHEAP representative of level of propane may also serve as proof of crisis if propane level is less than 15%.	\$300
California	Karuk Tribe	60 SMI	Crisis is considered to be an event or condition beyond the control of the applicants -- generally associated with weather-related and supply shortage emergencies, and other energy-related emergencies. A shut off notice does not necessarily constitute a crisis situation	\$500
California	Mooretown Rancheria	60 SMI	We determine a crisis a notice of 15 days or a 48 hour shut off notice from a utility company, 20% or less in propane tank.	\$300

State	Tribe	Eligibility	Crisis Definition	Max Benefit
California	Northern California Indian Development Council	150 FPG	When a household lacks the appropriate amount of wood, oil, propane or other delivered fuel to provide adequate heating, cooling or cooking fuel, or for those connected to the electric and/or natural gas grid when they have received an interruption of services, a shut off notice from the vendor or a notice that prepayment must be made prior to further delivery of cooking or heating fuel.	\$600
California	Pinoleville Pomo Nation	60 SMI	Weather-related and supply shortage emergencies and other household energy-related emergencies	\$350
California	Quartz Valley Indian Reservation	60SMI	A household is in danger of losing energy services or is on the verge of depleting fuel for energy service - \$10 or less. Also, household with children under the age of 5, elderly over the age of 55, or a disabled person will be classified as a priority.	\$350
California	Redding Rancheria	150 FPG	A crisis consists of a sustained situation where there is either no source or heating or cooling or the imminent threat of discontinuity of service that will put young children, elderly, disabled or medical cases at risk.	\$500
California	Redwood Valley Little River Band of Pomo Indians	60 SMI	15 day notice from Utility	\$150
California	Riverside-San Bernardino Indian Co. Health, Inc.	150 FPG	The following situations are defined as crisis: A) shut-off notice or bills exceeding \$340; B) households lacking any appropriate energy efficient appliance for heating in winter (such as need for a propane tank for heat) or cooling in summer; C) in dire emergencies where the health of a LIHEAP applicant is threatened because the heating in winter or cooling in summer has been shut off, the program will pay for deposits, reconnection, and utility costs up to a maximum of \$500.	\$1,050
California	Round Valley Indian Tribes	150 FPG	48 hour shut-off notice; empty tank: in which our maintenance engineer will go to the home and verify the tank is empty. Then supply a signed form by the applicant and engineer; medically necessary, life or death situation. The applicant will provide an explanation from the doctor of the situation.	\$350
California	Sherwood Valley Band of Pomo Indians	60 SMI	Shut off notice (24 hour or 48 hour notice), 15 day notice. Power shut off or out of propane or wood.	\$300
California	Southern California Tribal Chairman's Association	150 FPG	The following components to determine a crisis: shut-off notice, power already disconnected, deposits, fees (except those that cannot be paid from LIHEAP such as tampering fees, fees due to insufficient funds, etc.) current utility bill with a past due amount, past due notice, etc.	\$350

State	Tribe	Eligibility	Crisis Definition	Max Benefit
California	Southern Indian Health Council, Inc.	150 FPG	<p>Crisis Assistance will be provided in an amount sufficient to alleviate the crisis and within the applicant's determined benefit level amount. The Crisis Assistance component will be based on which must include either a shut off notice, disconnected utilities or a lack of uncontrollable circumstances home delivered fuel notice in combination with at least one of the following: Household has an unanticipated medical or major household expense. Out of pocket expense should exceed 100% of current utility bill. Documentation could include: receipts of payments made to meet this unanticipated medical or major household expense. Household wage earner with at least a year of stable work history has lost his/her job within the last twelve (12) months. Documentation could include: letter from employer, termination or lay-off notice, UI claims, UI notification of eligibility. Household wage earner has left the home within the past forty-five (45) days. Documentation could include recent application for family assistance (Families First, Food Stamps), order of protection, police report, revised lease, or other legal documentation. Death of wage earner within the last twelve (12) months. Documentation could include obituary, death certificate, and funeral program. Significant loss of work hours. Documentation could include a letter from employer outlining details of loss of work hours or pay stubs. Disabled - 1 member of household is disabled. Uncontrollable circumstances must be explained by the client and documented to the extent possible.</p>	\$300
California	Yurok Tribe	60 SMI	The Household must have a shut off notice, empty tank, or be out of wood.	\$400
Idaho	Coeur d'Alene Tribe	150 FPG	<p>During the winter months because of high cost of electrical, propane, wood and energy log use. We are faced with double and sometimes tribal rises in costs for heating our homes in this area. We have always honored requests for heating assistance and most times it is a crisis due to high rates and shut offs. We have to have the propane delivered from as far away as 50 miles, as well as going to purchase energy logs. Most homes are heated with electricity and we do have frequent power outages in which case our clients have to resort to an alternative heat source, presto logs, or wood. Our policy is a regular heating crisis is when a client is in danger of having electric heating source shut off due to unemployment or health issues. Also, when there are children in the household this is a crisis due to possible medical issues. We are a small community and community members can reach LIHEAP staff to assist on weekends if there is a power outage.</p>	\$450

State	Tribe	Eligibility	Crisis Definition	Max Benefit
Idaho	Nez Perce Tribe	150 FPG	When household faces shutoff of heat source no fuel, winter conditions, no other source of heat in the home.	\$450
