### Calculation Worksheet

**Part 1: Determining Income Eligibility**

**1. Determine Income Eligibility:** Use the Poverty Guidelines Chart below. Complete this chart and compare it against your household income according to household size.

**2. Calculate Total Income:**
- **Incomes:**
  - **Income:** Include all regular income and government assistance.
  - **Subsidized Income:** Including assistance provided by the Alaska Native Corporation.

**3. Apply Income Adjustments:**
- **Adjustments:** Include adjustments for dependents, disability, and income from non-exempt sources.

**4. Add Total Income:**
- **Total Income:** Sum all regular income and government assistance.

**5. Calculate Annual Income:**
- **Annual Income:** Multiply total income by 12.

**6. Calculate Poverty Guidelines:**
- **Guidelines:** Use the chart to determine if your household income is below the poverty guidelines.

**7. Determine Eligibility:**
- **Eligible:** If your household income is below the poverty guidelines, you are eligible for assistance.

**Part 2: Determine Family Size and Income Level**

**8. Family Size:**
- **Persons:** Count the number of family members.

**9. Income Level:**
- **Percentage:** Use the table to determine the percentage of family size.

**Part 3: Apply Income Multiplier**

**10. Income Multiplier:**
- **Multiplier:** Use the chart to determine the multiplier based on family size and income level.

**Part 4: Calculate Poverty Guidelines**

**11. Poverty Guidelines:**
- **Income Level:** Use the chart to determine the poverty guidelines for your income level and family size.

**Part 5: Determine Eligibility**

**12. Eligibility:**
- **Eligible:** If your income is below the poverty guidelines, you are eligible for assistance.
