COOLING ASSISTANCE: NEW COMPONENT

Fort Belknap LIEAP will assist approved LIEAP consumers with energy bills that are excessive due to the extreme heat experienced in Montana during the summer months. Consumers have been unable to keep up with the rising costs needed to cool their homes and many are experiencing termination of services due to inability to pay their bill in its entirety or pay the disconnect fees associated with termination.

Fort Belknap LIEAP will also assist approved LIEAP consumers with obtaining fans or air conditioners should the need arise, specifically for the elderly, homes with young children and any consumers with medical needs. In some situations, elderly request screen and/or storm doors to use during times of extreme heat as they cannot use air conditioners due to certain types of medications (blood thinners) and AC is too cold for them.

    - Yes
    - No
  - Households with high energy burdens?
    - Yes
    - No
  - Other?
    - Yes
    - No

Explanations of policies for each "yes" checked above:

- Renters with utilities included in the rent do not apply for assistance.
- Elderly on limited monthly incomes are given priority by having their applications for assistance processed first and their benefits are sent to their designated energy vendor first.
- Disabled consumers with completed applications are processed with the elderly and able to have their benefits sent to their designated energy vendor first.
- Households with young children are also able to have their completed applications processed first and their benefits submitted to their designated vendor first in order to avoid service interruptions.
- Households with high energy burdens are processed as soon as possible due to the probability of these households having their services terminated due to the high costs of energy.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Applications from vulnerable populations are processed first and their approved benefit amounts are given to their designated energy vendors as soon as they are determined. Applications are received beginning October 1st and are processed immediately.

Applications are prioritized by:

- Elderly Households: SS/SSI/VA (income)
- Households with young children: TANF/GA (income)
- Disabled: SSI (income)

3.2 Do you have additional eligibility requirements for COOLING ASSISTANCE?
- Yes
- No

3.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test?
- Yes
- No

Do you have additional/differing eligibility policies for:

- Renters?
  - Yes
  - No

- Renters Living in subsidized housing?
  - Yes
  - No

- Renters with utilities included in the rent?
  - Yes

- Disabled?
  - Yes
  - No

- Young children?
  - Yes
  - No

- Households with high energy burdens?
  - Yes
  - No

- Other?
  - Yes
  - No

Explanations of policies for each "yes" checked above:

Renters in subsidized housing must submit their housing agreements to document what they receive assistance for and if it includes electricity or propane.

Renters with utilities included in the rent do not apply for LIHEAP assistance.

Elderly will receive priority for cooling assistance if they are unable to purchase fans or air conditioners for their homes, some want only storm doors to allow them to open their doors. Each application will be processed based on the need of the tribal elder, some have medical issues that they are unable to have Air Conditioners in their homes (blood thinners).

Disabled consumers with medical needs will have their applications processed as soon as they are received, fans or Air Conditioners will be purchased for them at their request.

Households with young children will be processed for assistance when it is determined if they need assistance to purchase cooling equipment or to pay excessively high energy bills during extreme heat.

3.4 Describe how you prioritize the provision of cooling assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Cooling assistance will be posted to notify LIHEAP consumers who have monthly incomes of TANF/GA, SS/SSI or only SNAP benefits of the availability of this assistance that will begin on June 1, 2017 and end on September 30, 2017.

Benefit amounts will be determined by the individual request for fans, air conditioners or storm doors.

Benefit amounts for payment of extremely high energy bills will be based on the payment matrix.
3.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- [ ] Income
- [x] Family (household) size
- [x] Home energy cost or need:
  - [x] Fuel type

  - [ ] Dwelling type
  - [ ] Energy burden (% of income spent on home energy)
  - [ ] Energy need
  - [x] Other - Describe:

Requests for assistance will be determined by eligibility and individual bills. The energy companies charge reconnect fees as follows:

- Big Flat Electric Company: First Disconnect: $100. Each additional disconnect: $50.
- NorthWestern Energy Company: Average of 12 months bills x 2 = reconnection fee.

Benefits will be determined by payment matrix for family size and income.

3.6 Describe estimated benefit levels for FY 2017:

3. Hazardous or potentially hazardous conditions exist in the household's primary home water heating and/or space heating system, and safety modifications are required.

4.3 What constitutes a life-threatening crisis?

Elderly, handicapped and household's with young children in the rural areas of the reservation without propane in severe weather conditions, without electricity in extreme weather (hot or cold), unable to have heat, lights, water for sanitation purposes, or electricity to cool their homes in extreme heat.

Household damages that are caused by the extreme weather conditions (high winds, flood, heavy snowfall).

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 Hours

  - No

Explanations of policies for each "yes" checked above:

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it
will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
