5	\$11,870.11	\$47,480.42
6	\$13,507.36	\$54,029.45

Estimated State median income for a four-person family is \$40,090 (Transmittal No. LIHEAP-IM-2018-03 State Median Income Estimates for Optional Use in FFY 2018 and Mandatory Use in FFY 2019. Published: June 15, 2018)

In accordance with 45 CFR 96.85, each State's estimated median income for a four-person family is multiplied by the following percentages to adjust for family size for LIHEAP: 52 percent for one person, 68 percent for two persons, 84 percent for three persons, 100 percent for four persons, 116 percent for five persons, and 132 percent for six persons. For each additional family member above six persons, add 3 percentage points to the percentage for a six-person family (132 percent), and multiply the new percentage by the State's estimated median income for a four-person family.

Yearly figures were calculated from 60% of the State Median Income (SML). Information taken from the Federal Register on line via GPO Access (wais.access.gpo.gov).

Note: FFY 2019 covers the period of October 1, 2018, through September 30, 2019.

Note--The estimated U.S. median income for 4-person families is \$80,501 for the period of October 1, 2017 through September 30, 2018
