2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? Yes No

Do you have additional/differing eligibility policies for:

Subsidized households (public housing) whose heating costs are included in the rent (utilities paid by the housing authority) are not eligible for heating assistance.

The Virginia Case Management System (VaCMS) assigns points according to energy burden, awarding the highest value to households with the highest percentage of energy burden, resulting in a weighted benefit. Priority is given to households which include vulnerable individuals (elderly, disabled, or a child under the age of six); the VaCMS assigns points according to vulnerability status, awarding the highest value to which ever condition is present, resulting in a weighted benefit. Please see Attachment I for an explanation of how points are determined.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Priority is given to households which include vulnerable individuals (elderly, disabled, or a child under the age of six); the VaCMS assigns points according to vulnerability status, awarding the highest value to whichever condition is present, resulting in a weighted benefit. Please see Attachment I for an explanation of how points are determined.

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

The Crisis Assistance component is designed to help households meet energy emergencies that cannot be met by other resources. The emergency may result from a weather related or supply shortage emergency such as: no source of heat; the only heating equipment in the home is inoperable or unsafe; or there is a potential no heat situation. Assistance with the purchase of primary fuel and the payment of the primary utility bills is provided to households who did not receive Heating Assistance or who have exhausted their heating benefit.

4.3 What constitutes a life-threatening crisis?

A crisis situation is considered life-threatening if 1) the temperature is projected to be 32 degrees or less and 2) the household includes at least one vulnerable person (an individual who is under age six, age 60 or over, or disabled). Temperatures of 32 degrees or less for the current and following day are established by verifying the projected temperature through a weather service (The Weather Channel etc).

Section 6: Outreach, 2605(b)(3) - Assurance 3, 2605(c)(3)(A)

6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:

- Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.
- Publish articles in local newspapers or broadcast media announcements.
- Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.
- Mass mailing(s) to prior-year LIHEAP recipients.
- Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.
- Execute interagency agreements with other low-income program offices to perform outreach to target groups.
- Other (specify):

For the Heating, Crisis, and Cooling components, the VDSS provides applications upon request as well as access to applications on the VDSS public website. Applications can be submitted in person as well as by mail; fax; online via CommonHelp; and via the phone through the VDSS Enterprise Customer Service Center. Applications are accepted at sites that are geographically accessible to all households within the service area. A toll-free telephone number for the hearing impaired is provided.

In September of 2020, households that received Heating, Crisis, or Cooling Assistance in the prior year receive a preprinted heating assistance application or a notice of preapproval for Heating Assistance in the mail. Last year, 83,105 households received a preprinted application for Heating Assistance. An additional 42,242 households received a notice of preapproval for Heating Assistance.

In June of 2021, we completed a preapproval process for Cooling households; 38,083 households were preapproved for Cooling Assistance.

Section 7: Coordination, 2605(b)(4) - Assurance 4

7.1 Describe how you will ensure that the LIHEAP program is coordinated with other programs available to low-income households (TANF, SS I, WAP, etc.).

<input checked="" type="checkbox"/>	Joint application for multiple programs
<input checked="" type="checkbox"/>	Intake referrals to/from other programs
<input checked="" type="checkbox"/>	One - stop intake centers
<input checked="" type="checkbox"/>	Other - Describe:

Applicants may apply for multiple VDSS programs by completing one online application.

Through contact with other federal, state and community agencies, Virginia coordinates services and activities to low-income households. At a minimum, the LIHEAP Weatherization component will be coordinated with the Department of Energy (DOE) Weatherization Assistance Program (WAP) and other housing rehabilitation programs operated by local weatherization agencies. During the application process or during the on-site estimation for weatherization, the local administrator will inquire and assess for other health and safety needs or problems related to the home and its occupants.

The VDSS provides an Energy Assistance referral list three times per year to the DHCD for outreach activities by local weatherization agencies.

LDSS in 120 cities and counties are responsible for coordinating programs locally with other community agencies, faith-based organizations, and non-profit organizations.

Through automated systems, the grantee is able to identify low-income households for mass mailings.

The Virginia General Assembly passed and the Governor signed into law, House Bill 2473 and House Bill 71 in March 2002. These laws created the Home Energy Assistance Program (HEAP). Donations made to HEAP are used to supplement LIHEAP benefits.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

The grantee also makes payments directly to eligible households under the following conditions: household's primary fuel type is wood or coal; fuel tank capacity less than 100 gallons; renters with heat/cooling included in the rent; households where no vendor contract for a specific fuel type exists for their locality; energy source can only be provided by a unique vendor and no vendor contracts exists (i.e., liquid propane, electricity or natural gas); an appeal decision requires it; the household picks up oil/kerosene from an island pump; and eligible households who have their utility payment automatically debited/withdrawn as verified. In Virginia there are approximately five government owned utilities/municipalities that do not participate in the EAP.

9.2 How do you notify the client of the amount of assistance paid?

When the case is approved, the client is mailed a system generated approval notice (Client Notice of Action) that explains the type and amount of services the household has been approved to receive. Note: For households receiving direct payments, in addition to a check, the grantee mails a system generated Client Notice of Action indicating the benefit amount authorized.

At the end of each component, the grantee mails a system generated payment notice (Notice of Payments Made) to each eligible household. The payment notice lists payments made on behalf of the client for each component. Note: households who only receive direct payments do not receive these payment notices.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

EAP vendors must sign an agreement (see Attachment II) with the VDSS. The agreement specifies that the vendor will comply with all billing instructions and guidelines provided by VDSS for each component. EAP vendors must provide documentation to support payment requests. All equipment purchases require a recipient signature on the credit authorization/work order when submitted for payment. The state will seek correction of identified noncompliance or terminate the agreement.

In addition, the VDSS mails recipient households a notice at the end of each component that lists all vendor payments made on their behalf that season. If the client disagrees with the amount paid according to the notice, the VDSS follows up with the vendor to confirm all payments were properly credited to the client's account.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

EAP vendors must sign an agreement with the VDSS. The agreement specifies that the vendor will not discriminate against or adversely treat any eligible household in regard to terms and conditions of sale, credit, delivery, or service.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

MODEL PLAN
SF - 424 - MANDATORY**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The VDSS is responsible for monitoring expenditures for all components of the EAP. No LDSS is reimbursed for administrative expenditures above the maximum amount allowed per state and federal regulations.

DHCD requires that subgrantees enter all weatherization client data into a database. The weatherization measures installed for each client are recorded in the database. Invoices are then created and submitted through the database. The subgrantees also submit general ledgers with the invoices that are reviewed prior to processing. DHCDs records are maintained in accordance with procedures established by the Department of Accounts and are audited by the Auditor of Public Accounts.

The VDSS monitors the DHCD reimbursement requests for weatherization expenditures to ensure that supporting documentation is available for review and to ensure that expenditures are in compliance with state and federal regulations.

Two accounting and tracking systems, one by the EAP program and one by the VDSS Finance Division, are maintained to track revenue and disbursements for all components of the program. These two accounting and tracking systems are reconciled with the state's financial accounting system.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken
1				

10.4. Audits of Local Administering Agencies

What types of annual audit requirements do you have in place for local administering agencies/district offices?
Select all that apply.

- Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
- Local agencies/district offices are required to have an annual audit (other than A-133)
- Local agencies/district offices' A-133 or other independent audits are reviewed by Grantee as part of compliance process.
- Grantee conducts fiscal and program monitoring of local agencies/district offices

Compliance Monitoring

10.5. Describe the Grantee's strategies for monitoring compliance with the Grantee's and Federal LIHEAP policies and procedures: Select all that apply

Grantee employees:

- Internal program review
- Departmental oversight
- Secondary review of invoices and payments
- Other program review mechanisms are in place. Describe:

EAP activities will be monitored by the grantee. VDSS staff monitors cases via the online "Pending", "Unpaid", and "Client Management

t" reports. A sampling of all case types will be randomly selected for review. Case reading reviews will be conducted and findings submitted to management at the state and local level. When necessary, LDSS will be required to develop and submit corrective action plans (CAP) for errors detected.

The Virginia EAP has a strong sub-recipient monitoring plan/policy in place. Virginia is state supervised and locally administered by 120 LDSS. State staff monitors LDSS case management via various online reports. Additionally, a random sample of cases is selected and reviewed by state staff based on a predetermined schedule. Case reading reviews are scheduled/conducted based on LDSS caseload size with other factors sometimes taken into consideration (i.e. staff changes, significant requests for technical assistance, etc.). Based on size, LDSS are reviewed either every year, every two years, or every three years. A random sample of cases is pulled and reviewed for guidance/policy compliance, timely processing, and payment accuracy (including a secondary review of invoices and payments). Findings are reported to the LDSS Director and EAP Supervisor as well as the VDSS EAP Manager and Benefit Programs Division Associate Director; if necessary, case correction is required and, when appropriate, a CAP is submitted by the LDSS.

DHCD staff completes onsite administrative and financial monitoring annually for each of their subgrantees. Subgrantees are required to have an inspection of the completed WAP work done by a certified Quality Control Inspector (QCI). At least five percent of all completed units must be physically inspected by DHCD's inspector for compliance with State and Federal standards. DHCD staff submits copies of all completed monitoring reports to VDSS EAP staff for review. Additionally, DHCD staff completes reviews of invoices and payments when their subgrantees submit invoices for payment.

Local Administering Agencies / District Offices:

On - site evaluation

Annual program review

Monitoring through central database

Desk reviews

Client File Testing / Sampling

Other program review mechanisms are in place. Describe:

In addition to various sub-recipient monitoring activities, each LDSS must submit a Fraud Plan annually; a Fraud Plan is required for a LDSS to receive a fraud allocation. The Fraud Plan covers multiple programs. The Fraud Plan template is attached (Attachment III).

State Fraud staff conducts Fraud Program Compliance Reviews. Completed investigations are reviewed; the review focuses on the accuracy of the investigative decision.

Classroom and online training is available for both new and experienced EAP workers.

DHCD staff completes on-site evaluations; annual program reviews; monitoring through a central database; and client file testing/sampling for their subgrantees.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

In addition to the individual case monitoring completed as part of providing technical assistance and financial and case management report monitoring, EAP consultants, conduct case reading reviews for all three EAP components.

Decisions on which LDSS to review are based on the types and the frequency of requests for technical assistance, LDSS staff issues (new or inexperienced staff) and the Division's commitment to annual case reading reviews for the largest LDSS, with case reading reviews for smaller agencies completed on either a biennial or three year rotating schedule.

Upon completion of LDSS case reading reviews, written correspondence is sent to the LDSS Director and EAP Supervisor as well as the VDSS Benefit Programs Division Director and EAP Manager. Written correspondence includes a summary of the case reading findings, a copy of the individual case reading documents, instructions on error corrections (if necessary) and information on possible trends and/or LDSS process/organizational changes that may help reduce the errors.

The number of cases reviewed per LDSS will be a minimum of 30 cases for large, 20 for medium, and 15 for small. Guidance for breakdown of case types is as follows:

Total	Fuel	Crisis	Cooling
30	15	7	8
20	10	4	6
15	8	3	4

The following is a list of the reports and forms used by EAP consultants for monitoring:

- Unpaid Fuel/Crisis/Cooling Report
- Fuel/Crisis/Cooling Pending Report
- EAP Client Management Report - Case Disposition by Locality
- Locality Expenditure Report
- Financial Monitoring Forms – Correction of Payment Errors (COPE), Case Payment Adjustment, Affidavit on Check Endorsement, Stop Payment Request, Check Cancellation

When a component is operational, all of the above listed reports are reviewed weekly. When deadlines approach (i.e. benefit determination, final check writing, etc.) reports are reviewed daily with follow up to LDSS initiated as required. Reports are monitored to ensure applications are processed timely (pending reports) and to ensure vendors are submitting bills and being paid promptly (unpaid reports). Initial correspondence

to LDSS indicating a need for improvement (cases in pending or unpaid status for an excessive amount of days) is informal, email, or phone call is sufficient. If there is a recurring problem with an individual LDSS, reports with cases chronically overdue for processing or payment, the EAP consultant will work with the LDSS to improve performance.

DHCD staff completes onsite administrative and financial monitoring annually for each of their subgrantees. The “Financial and Administrative Monitoring Tool” and the “Technical Monitoring Tool” are completed with each subgrantee. Although all units are inspected by the subgrantee’s own certified Quality Control Inspector at completion of the job, at least five percent of all completed units must be physically inspected by DHCD’s inspector for compliance with State and Federal standards. The requirement is ten percent when the subgrantee’s energy audit and the quality control inspection are performed by the same person.

10.7. Describe how you select local agencies for monitoring reviews.

Site Visits:

Each EAP consultant develops a monitoring schedule to be completed during the following State Fiscal Year. Decisions on which LDSS to review are based on the types and the frequency of requests for technical assistance, LDSS staff issues (new or inexperienced staff), and the Division’s commitment to annual case reading reviews for the largest LDSS, with case reading reviews for smaller agencies completed on either a biennial or three year rotating schedule.

For DHCD, subgrantees visits are required annually.

For VDSS, site visits are not scheduled as part of each LDSS review due to budget constraints. However, periodic site visits are conducted by VDSS if there are issues in the LDSS or if requested by the LDSS.

For DHCD, subgrantee site visits are required annually. The visits rotate unless there are identified issues that trigger a review sooner than it would normally occur.

Desk Reviews:

See process listed in Sections 10.5 and 10.6 for VDSS.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 198

12.2 How many of those fair hearings resulted in the initial decision being reversed? 5

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

There were no policy and/or procedural changes for VDSS or DHCD.

12.4 Describe your fair hearing procedures for households whose applications are denied.

For VDSS, an applicant for and/or recipient of Heating, Crisis, and/or Cooling Assistance has the right to appeal and receive a fair hearing if: the application or the right to make application is denied; the application is not approved or denied in a timely manner unless the delay was caused by the applicant's lack of cooperation in providing necessary and reasonable evidence; an approved case is closed and the household believes it should not have been; or for any action taken on the case/application for which he/she disagrees.

DHCD's hearings process is the same for denials and applications not acted on in a timely manner. The local weatherization administrator develops procedures that are adopted by their Board of Directors. Typically, the procedures involve an opportunity to meet with the local agency head and/or a representative group of the Board of Directors.

12.5 When and how are applicants informed of these rights?

All applicants for and recipients of Heating, Crisis and Cooling Assistance will be informed in writing, at the time of application of the right to a fair hearing, of the method by which a hearing may be obtained, and of the right to be represented by others or to represent him/herself. Additionally, LDSS will inform all clients of the right to a fair hearing if the client is dissatisfied with any action taken by the LDSS. Notification will occur via the following methods: applicants seen in person will be informed verbally and in writing via the EAP Fact Sheet and all applicants, whether seen or not, will be informed of the right to request a fair hearing in writing via the Client Notice of Action.

In addition to filing an appeal, the applicant has the right to request a conference with the LDSS to discuss the actions listed above or any action taken on his/her case/application. At this conference, the LDSS must provide the applicant with an explanation of the action taken. The applicant must also be given the opportunity to present an explanation and state why he/she disagrees with the LDSS action. At the conference, the applicant has the right to have his/her side presented by an authorized representative, such as a friend, relative, or lawyer. Requesting a conference does not prevent the applicant from requesting a fair hearing. If a hearing is requested, a VDSS Hearings Officer will conduct the hearing and make a decision on the appeal. The appellant will be notified in writing of the Hearings Officer's decision within 60 days of the receipt of the appeal request.

Applicants for Weatherization are informed of the right to appeal an application denial or an untimely action on an application at the time the application is taken or denied. Files of denied applicants are monitored during the field/client file monitoring.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

An applicant for and/or recipient of Heating, Crisis and/or Cooling Assistance has the right to appeal and receive a fair hearing if the application is not approved or denied in a timely manner unless the delay was caused by the applicant's lack of cooperation in providing necessary and reasonable evidence.

The Weatherization component's hearings process is the same for denials and applications not acted on in a timely manner. The local weatherization administrator develops procedures that are adopted by their Board of Directors. Typically, the procedures involve an opportunity to meet with the local agency head and/or a representative group of the Board of Directors.

12.7 When and how are applicants informed of these rights?

All applicants for and recipients of Heating, Crisis and Cooling Assistance will be informed in writing, at the time of application of the right to a fair hearing, of the method by which a hearing may be obtained, and of the right to be represented by others or to represent him/herself. Additionally, LDSS will inform all clients of the right to a fair hearing if the client is dissatisfied with any action taken by the LDSS. Notification will occur via the following methods: applicants seen in person will be informed verbally and in writing via the EAP Fact Sheet and all applicants, whether seen or not, will be informed of the right to request a fair hearing in writing via the EAP Fact Sheet and the Client Notice of Action.

In addition to filing an appeal, the applicant has the right to request a conference with the LDSS to discuss the actions listed above or any action taken on his/her case/application. At this conference, the LDSS must provide the applicant with an explanation of the action taken. The applicant must also be given the opportunity to present an explanation and state why he/she disagrees with the LDSS action. At the conference, the applicant has the right to have his/her side presented by an authorized representative, such as a friend, relative, or lawyer. Requesting a conference does not prevent the applicant from requesting a fair hearing. If a hearing is requested, a VDSS Hearings Officer will conduct the hearing and make a decision on the appeal. The appellant will be notified in writing of the Hearings Officer's decision within 60 days of the receipt of the appeal request.

Applicants for Weatherization are informed of the right to appeal an application denial or an untimely action on an application at the time the application is taken or denied. Files of denied applicants are monitored during the field/client file monitoring.

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Curently the VDSS does not charge expenditures to Assurance 16.

Note: The VDSS does include energy savings and conservation tips in the mass mailing of pre-printed applications sent to households prior to the start of the Heating application period. The VDSS is evaluating additional educational and outreach activities to encourage households to reduce their home energy needs (such as participating in information fairs with WAP subgrantees as well as utility providers).

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

If we decided to utilize this funding line, there is a 5% cap on the expenditures within our accounting system.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

We cannot measure this as we do not currently charge expenditures to Assurance 16.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

We cannot measure this as we do not currently charge expenditures to Assurance 16.

13.5 How many households applied for these services? We cannot measure this as we do not currently charge expenditures to Assurance 16.

13.6 How many households received these services? We cannot measure this as we do not currently charge expenditures to Assurance 16.

Section 14:Leveraging Incentive Program, 2607(A)

14.1 Do you plan to submit an application for the leveraging incentive program?

Yes No

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

Third parties are instructed to complete the "LIHEAP Leveraging Report Resource/Benefit Description Pages" for the specified base period based on instructions provided by HHS. Records are retained for a minimum of three years.

14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. § 96.87(d)(2)(iii), describe the following:

Resource	What is the type of resource or benefit ?	What is the source(s) of the resource ?	How will the resource be integrated and coordinated with LIHEAP?
1	This program provides payments for heating and cooling assistance to eligible low-income households in addition to LIHEAP benefits.	Dominion Energy (was Dominion Virginia Power) Company EnergyShare Program	EAP provides technical assistance for planning/implementing the EnergyShare Program and works side-by-side with the company in the formulation of policies, procedures, etc. Intake is provided at LDSS and community action/non-profit agencies. Households are assisted only after their LIHEAP benefits have been exhausted or if they were ineligible for LIHEAP. Funding is provided through customer and company contributions. The utility company receives and disburses funds. All payments go directly to the households energy vendor. Administrative expenses are borne by the utility company.
2	This program provides payments for heating and cooling assistance to eligible low-income households in addition to LIHEAP benefits.	American Electric Power (AEP) Neighbor-To-Neighbor Program	Applicants must be current AEP customers in possession of a cutoff notice, income eligible for LIHEAP, and, if approved for LIHEAP, have exhausted LIHEAP benefits. The VDSS works with AEP on development of program policies and promotion. Funds come from customer and company contributions. The utility company deposits contributions and disburses supplemental assistance to eligible LIHEAP households.
3	This program provides utility security deposits to eligible low-income households.	Security Deposit Option Program (SDOP)	A joint project developed by the VDSS and Dominion Energy, the Security Deposit Option Program allows individuals found eligible for payment of a security deposit through the Crisis and Cooling Assistance components to have the payment of the deposit waived by the utility company. The utility will consider the deposit paid although no dollars have been received. Over the years, additional companies have elected to participate in the SDOP.
4	This program provides Weatherization assistance to eligible low-income households in addition to LIHEAP benefits.	Joint Venture with the Virginia Department of Housing and Community Development	DHCD oversees the Weatherization Assistance Program and weatherization agencies in Virginia. The Weatherization agencies are the sole source vendor for the LIHEAP Weatherization component. The cost of services may be supplemented by other funds received by DHCD; the source of supplemental funds may be state funds allocated to DHCD. (Federal DOE funds would not be used for the cost of any of the services.) Intake is provided by local weatherization agencies. The VDSS and DHCD collaborate across programs to maximize available funding for eligible households. The VDSS makes referrals to the DHCD. The VDSS provides a referral list of EAP recipients to the DHCD at the completion of each of the three EAP components.
5	This program provides assistance with heating and equipment costs to eligible low-income households in addition to LIHEAP benefits.	Home Energy Assistance Fund - Home Energy Assistance Program (HEAP)	In 2002, the Virginia General Assembly established a special non-reverting fund to support the efforts of public agencies, private utility service providers, and charitable and community groups seeking to assist low-income Virginians in meeting their residential energy needs. The fund consists of donations, contributions and funds appropriated by the General Assembly. Interest earned on the money shall remain and be credited to the fund. Contributions remaining in the fund at the end of each fiscal year will be carried over into the next year. The funds will be disbursed through the operations of the HEAP. The VDSS has been designated as the lead agency in coordinating and administering all energy assistance efforts among state agencies and non-state organizations electing to participate in HEAP. In January 2004, the Virginia state income tax form provided a check-off option for contributions to HEAP. The VDSS will continue to promote the income tax check-off box on behalf of the fund.
6	This program, if offered, would provide payments for heating a	State General Funds	The VDSS has occasionally received state general funds to supplement the LIHEAP funded EAP. Periodic receipt of state general funds may continue.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

For several years, the VDSS was in the process of migrating multiple legacy eligibility systems to a single case management/eligibility system. The new system, VaCMS, includes Child Care, Medical Assistance, SNAP, TANF and LIHEAP. During FFY 2016, LIHEAP launched in VaCMS; from that point forward, all LIHEAP applications have been processed, eligibility determined, and benefits issued through VaCMS.

Prior to the migration to VaCMS Performance Measure (PM) activities/changes included changes to paper applications (additional questions to capture new data elements and revised language included in the applicant certification) and soliciting and securing new EAP vendor agreements. PM questions to collect information on restoration of services and prevention of loss of services were added to data collection screens in VaCMS prior to the launch.

During the last few years, system change requests have been submitted to Information Systems to collect additional PM data during the online application process in CommonHelp as well change requests to collect data and generate necessary reports in VaCMS to report PM on the LIHEAP Performance Data Form Sections V, VI and VII. Design, development, and testing completed during FFY18 allowed VA to report/submit data for sections V, VI, and VII of the Performance Data form due May 2018. During FFY19, we addressed data collection regarding the "other fuels" columns in Section V of the performance Data Form as well as the collection of data required for A in Section V.

We are currently working to improve future reporting and will submit additional system change requests as needed during FY22, based on recommendations from APPRISE. One of the identified areas we plan to correct this year will be the gathering of data for the high burden recipient households. (Currently, we are not gathering the data across 25% of all recipient households; we have been using 25% of households within each fuel type.) We will also be working to be sure the averages calculated for Section V are correct and inline with APPRISE's expected figures.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Information on how to report fraud, abuse, and/or waste is included on pre-printed applications and EAP Fact Sheets. Additionally, there is information on both the public and internal VDSS EAP websites as well as the EAP information sheet regarding the reporting of fraud, abuse, and/or waste.

A state employee fraud, waste and abuse hotline is also available for anonymous reporting using one of the following: a toll free number 1-800-723-1615; a fax number of (804) 371-0165; an email to COVHotline@osig.virginia.gov; or by mail at State Fraud, Waste, and Abuse Hotline, PO Box 1151, Richmond, VA, 23218.

Note: individuals who receive public assistance have already provided their SSN to the LDSS.

Although HHS does not require SSNs, with the launch of EAP in VaCMS, SSNs for individual household members will be collected. In the former legacy system, SSN for applicant and spouse were the only SSNs captured in the system even though SSNs may have been included on the application.

17.3 Identification Verification

Describe what methods are used to verify the authenticity of identification documents provided by clients or household members. Select all that apply

- Verify SSNs with Social Security Administration
- Match SSNs with death records from Social Security Administration or state agency
- Match SSNs with state eligibility/case management system (e.g., SNAP, TANF)

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices.
