Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

A CRISIS situation is defined as unusual circumstances, beyond the families control and beyond the ability of nearby neighbors or relatives to assist, that threatens a household with imminent loss of their primary heating source and furthermore, no secondary source is available. Our area in the northern coast of Washington State experiences long, cold and extremely we winters, with high winds and frequent storms off of the ocean. Heating assistance is a life safety issue for families, especially those with young children or elderly in the household. We also have many households in transition needing assistance such as payment or deposits to allow hook up of new connections. For a household to be considered in CRISIS, the house hold are not required to utilize the original assistance first however, are required to submit a shut off notice along with the application and other required documents. Regularly, applications are processed within one business day and make immediate contact with the vendor. Once a commitment is made, payment processing is completed within ten business days. This does not impact client's services, as vendors accept a written assurance from the program in lieu of payment.

4.3 What constitutes a life-threatening crisis?

A life threatening CRISIS requires intervention within 18 hours. A life threatening CRISIS can occur when a family with young children (under the age of 6) or an elder (over the age of 50) is without heat in the home. Our area in the northern coast of Washington State experiences long and extremely we winters with high winds and frequent storms off of the ocean. Other considerations for a life threatening CRISIS intervention would include interruption of heating services that affect medical needs of applicant or household members.

Crisis Requirement, 2604(c)

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

- 3. For grantees other than individuals, Alternate I applies.**
- 4. For grantees who are individuals, Alternate II applies.**
- 5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.**
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).**
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously**

identified the workplaces in question (see paragraph five).
