2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test? No

Do you have additional/differing eligibility policies for:

- Renters? No
- Renters Living in subsidized housing? No
- Renters with utilities included in the rent? No

Do you give priority in eligibility to:

- Elderly? Yes
- Disabled? Yes
- Young children? Yes
- Households with high energy burdens? Yes
- Other? See explanation below Yes

Explanations of policies for each "yes" checked above:

Each Local Service Provider is required to submit a priority plan as part of their contract. The priority plan identifies four categories: Poverty Level, Energy Burden, Vulnerable Population and Agency-Defined. Agency-Defined category is optional. The following five priority categories will serve as the basis for Agency-Defined priorities (examples provided are not all inclusive):

- Medically Needy - Examples: Needing special medical equipment, high medical expenses relative to income
- Frail Elderly - Examples: Homebound, 80+, living alone, lack of access to services, poor health
- Severe Financial Hardship - Examples: Recent loss of income, receiving Unemployment Insurance Benefits (UIB), high risk of homelessness, income eligible for LIHEAP but ineligible for other need-based benefits
- Hard to Reach: Examples: Geographically/culturally isolated, language barrier(s), significantly underrepresented in clients served vs. local demographics
- Priority Offsets - Examples: Client receiving other utility, rent or mortgage subsidies; client served in previous year.

NOTE: No application for benefits may be rejected based on previous receipt of benefits, and an alternate-year policy must allow for continuing prioritization of services to the most vulnerable clients. An "alternate-year policy" may be one of the elements in a priority system for determining eligibility for LIHEAP benefits and assistance (see the "Priority Offsets" category above). However, an alternate year policy will not be used to arbitrarily deny benefits or assistance to clients who are genuinely needy, particularly if the result is to grant benefits or assistance to a less needy applicant.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Based on an assessment of each client, Local Service Providers assign points for each of the first three categories and the Agency-Defined categories, if the Local Service Provider elects to use this additional fourth category. Clients with the highest resulting number of points are served first, though priority may be given to households with life-threatening emergencies.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):
CSD conducts an “Individual Utility Company Rate Survey” each year. In the survey, utility companies report their residential rates, by county, for gas and electricity. CSD uses this information to establish average utility costs for each county. These costs are factored into the heating and cooling benefit formula to determine LIHEAP benefit levels.

**Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)**

**2.6 Describe estimated benefit levels for FY 2015:**

| Minimum Benefit | $1 | Maximum Benefit | $1,000 |

If yes, describe.

Section 4: CRISIS ASSISTANCE

4.2 Provide your LIHEAP program’s definition for determining a crisis.

CSD uses the federal definition of a crisis (Low Income Energy Assistance Act § 2603 (3)): “weather-related and supply shortage emergencies and other household energy related emergencies.” Crisis funds may only be used in accordance with the federal definition, including:

1. A natural disaster (whether or not officially declared),
2. A significant home energy supply shortage or disruption,
3. An official declaration of a significant increase in:
   4. - Home energy costs,
   5. - Home energy disconnections,
   6. - Enrollment in public benefit programs, or
   7. - Unemployment and layoffs, or
   8. An official emergency declaration by the Secretary of Health and Human Services,

In those situations where there is not an official federal, state, or local declaration of emergency, an emergency may be deemed to exist by CSD where there is imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services.

4.3 What constitutes a life-threatening crisis?

Life-Threatening: Applicant is without heating, cooling or utility service during extreme weather conditions, as determined by the local administrative agency. This may include energy-related situations that pose a threat to the health and safety of one or more members of the household.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes

4.7 Check the appropriate boxes below and describe the policies for each

Do you require an Assets test? No

Do you give priority in eligibility to:

- Elderly? Yes
- Disabled? Yes
- Young Children? Yes
- Households with high energy burdens? Yes
- Other? See explanation below Yes

In Order to receive crisis assistance:

- Must the household have received a shut-off notice or have a near empty tank? Yes
- Must the household have been shut off or have an empty tank? No
- Must the household have exhausted their regular heating benefit? No
- Must renters with heating costs included in their rent have received an }
Must heating/cooling be medically necessary?

No

Must the household have non-working heating or cooling equipment?

No

Other?

Proof of utility shut off notice; Proof of energy termination; Insufficient funds to establish a new energy account; Insufficient funds to pay a delinquent utility bill; Insufficient funds to pay for essential firewood, oil or propane; Insufficient funds to pay the cost of repairing or replacing an eligible heating or cooling appliance or for a new heating or cooling appliance; and/or Applicant has a medical condition that requires temperature or climate control and the heating/cooling appliance is considered hazardous, nonexistent, or inoperable

Yes

Do you have additional / differing eligibility policies for:

Renters?

No

Renters living in subsidized housing?

No

Renters with utilities included in the rent?

No

Explanations of policies for each "yes" checked above:

Each Local Service Provider is required to submit a priority plan as an attachment to their contract. The priority plans are in narrative format and identify multiple categories used to prioritize services, such as: Poverty Level, Energy Burden, Vulnerable Population, New Applicants, Health & Safety Issues, Proximity to other eligible dwellings and Agency-Defined (Agency-Defined categories are described above). Based on an assessment of each applicant, some Local Service Providers prioritize by assigning points for each of these categories and serving those with the highest point value first, though priority may be given to households with life-threatening emergencies.

Determination of Benefits

4.8 How do you handle crisis situations?

Separate component

Fast Track

Other - Describe:

The Crisis Program is limited to four activities:

1. Fast Track (electric and gas) utility payments
2. Energy Crisis Intervention Program Wood, propane and oil (ECIP WPO) payments
3. Heating and cooling services (HCS)
4. Severe Weather Energy Assistance and Transportation Services (SWEATS)

Fast Track benefits are determined by the Local Service Providers, but payments to the utility companies are processed, centrally, by CSD, where ECIP WPO assistance, HCS and SWEATS benefits are provided locally. Local Service Providers have the ability to increase the Fast Track base amount by adding a supplemental benefit. The total benefit amount cannot exceed the total amount of the entire utility bills (to include energy charges, reconnection fees, and other assessed utility fees/surcharges to alleviate the crisis situation) or $1,000, whichever is less.

ECIP WPO benefits are determined at the local level based on clients inability to pay for essential firewood, oil or propane. The amount of the benefit is based on the cost to resolve the crisis.

HCS services provide payment for energy-related repairs or replacement of non-functioning heating, cooling appliances and water-heating appliances. The benefit amount is based on the cost of the repair or replacement, up to the maximum amount as determined annually.

SWEATS services provide payment to address energy-related emergency needs of low-income households affected by a natural disaster. Typical services include additional utility assistance, temporary housing services, transportation services and temporary heating/cooling devices. The amount of the benefit may vary depending on the benefit offered.

4.9 If you have a separate component, how do you determine crisis assistance benefits?

Amount to resolve the crisis.

Other - Describe:

Fast Track benefits are determined by the Local Service Providers, but payments to the utility companies are processed, centrally, by CSD, where ECIP WPO assistance, HCS and SWEATS benefits are provided locally. Local Service Providers have the ability to increase the Fast Track base amount by adding a supplemental benefit. The total benefit amount cannot exceed the total amount of the entire utility bills (to include energy charges, reconnection fees, and other assessed utility fees/surcharges to alleviate the crisis situation) or $1,000, whichever is less.

Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

Yes

Explain.
Large service territories typically have satellite offices or other non-profit agencies which accept applications.

4.11 Do you provide individuals who are physically disabled the means to:
- Submit applications for crisis benefits without leaving their homes?
  - Yes  If No, explain.
- Travel to the sites at which applications for crisis assistance are accepted?
  - Yes  If No, explain.

- **Young Children?** Yes
- **House holds with high energy burdens?** Yes
- **Other? See explanation below** Yes

If you selected “Yes” for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.
Each Local Service Provider is required to submit a priority plan as an attachment to their contract. The priority plans are in narrative format and identify multiple categories used to prioritize services, such as: Poverty Level, Energy Burden, Vulnerable Population, New Applicants, Health & Safety Issues, Proximity to other eligible dwellings and Agency-Defined (Agency-Defined categories are described above). Based on an assessment of each applicant, some Local Service Providers prioritize by assigning points for each of these categories and serving those with the highest point value first, though priority may be given to households with life-threatening emergencies.

CSD and Local Service Providers coordinate activities with similar and related programs administered by the federal, state, and the public and private sector, particularly low-income, energy conservation programs. CSD is working with the California Public Utilities Commission (CPUC) and the state's investor owned utility companies to develop strategies to better leverage and coordinate our mutual resources to benefit low-income households in the state.

Local Service Providers refer potentially eligible applicants, including heating and cooling, and crisis applicants, to the weatherization program, California Alternate Rate for Energy (CARE), Reduced Rate Programs (RRP), and/or to other energy or conservation programs. This referral is accomplished through interagency agreements, communications with pertinent agencies, one-stop centers, utility companies, and public/private partnerships. Local Service Providers provide assistance in coordinating the payment of client's energy/utility bill with the appropriate energy vendor or utility company.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.
8.6 What is your process for selecting local administering agencies?

In accordance with California Government Code section 16367.5, LIHEAP Local Service Providers (LSP) were grandfathered in as the designated provider for their respective service territory. The LSP network is comprised of more than 40 Local Service Providers (LSPs), which include private, non-profit and local government service providers. These LSPs have strong ties to their local communities and have many years of experience providing public assistance programs to the low-income customer in their respective service territory.

8.7 How many local administering agencies do you use? 41

8.8 Have you changed any local administering agencies in the last year?
Yes

8.9 If so, why?

- Agency was in noncompliance with grantee requirements for LIHEAP -
- Agency is under criminal investigation
- Added agency
- Agency closed

</thead>
<tbody>
<tr>
<td>Heating</td>
</tr>
<tr>
<td>Cooling</td>
</tr>
<tr>
<td>Crisis</td>

</tbody>
</table>

Are there exceptions? Yes

If yes, Describe.

In most cases, direct payments are issued to energy vendors. Occasionally, dual party warrants are issued and are made payable to the client and the energy vendor. On those few occasions when utilities are included in the rent or sub-metered, warrants are issued directly to the client.

For those heating and cooling and crisis clients whose energy source is WPO, Local Service Providers make payment directly to energy vendors.

9.2 How do you notify the client of the amount of assistance paid?

When a WPO payment is made directly to an energy vendor, the Local Service Provider sends the client a letter, advising them of the LIHEAP payment amount and date. Local Service Providers keep the information on file.

When a crisis, and/or heating and cooling payment is made directly to an energy vendor, the vendor does one or both of the following:

1. Shows the amount of credit on the customer's bill, indicating that the payment was made by LIHEAP.
2. Sends a letter advising the client of the LIHEAP payment.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

For heating and cooling, payment is made directly to an energy vendor, the vendor does one or both of the following:

1. Shows the amount of credit on the customer's bill, indicating that the payment was made by LIHEAP.
2. Sends a letter advising the client of the LIHEAP payment.

CSD evaluates the notification process of LIHEAP payments during program evaluation visits.

A different process is in place for Crisis payments, depending on whether the home energy supplier is a regulated utility or a non-regulated one.

Regulated Utilities are audited by the CPUC to ensure that proper billing procedures are in place and the amount of payments or credits are accurate. No modification of energy rates can occur without a public regulatory process, which is administered by the CPUC.

For Non-Regulated energy vendors:

1. Local Service Providers use a “Confirmation of Payment” form whereby the non-regulated energy vendors records the date and amount credited for each account.
2. Local Service Providers are required to have each home energy supplier sign an assurance agreeing to the requirements of this section. Local Service Providers keep this information on file and clients are advised of their right to fair and equal treatment at the time of service. CSD staff ensures compliance with this provision during program evaluation visits.
3. Local Service Providers verify, before paying energy suppliers for all types of delivered fuels, that the charges for the services and goods provided are reasonable and within fair-market value. The amounts of these charges are reviewed during program evaluation visits made by CSD staff.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Local Service Providers require each home energy supplier to sign an agreement to adhere to the requirements of this assurance. Local Service Providers keep this information on file and clients are advised of their right to fair and equal treatment at the time of service. CSD staff ensures compliance with this provision during program evaluation visits.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

No

If so, describe the measures unregulated vendors may take.
If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

CSD maintains fiscal controls and accounting practices in accordance with the California Uniform Accounting System. Our financial management system maintains financial data and accounting records supported by source documentation for all federal funds administered. CSD's internal control structure conforms to state and federal procedures. See below for additional information.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

11.5 Summarize the comments you received at the hearing(s).

CSD's response regarding Weatherization measures are not subject to DOE savings to investment ratios (SIR standards)." Comment indicated decisions should be reviewed with input from individuals and organizations that would be adversely affected.

CSD should consider installation of Light Emitting Diode (LED) lamps instead of compact fluorescent light bulbs.

There should be a clear criteria set for how leveraging of LIHEAP funds will be achieved as opposed to the funds being used to cover expenses that should reasonably be carried by other programs.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

No changes

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 4

12.2 How many of those fair hearings resulted in the initial decision being reversed? 3

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

Revised and updated LIHEAP Eligibility Guidelines to clarify correct treatment of income from rental property. Refined procedure for responding to requests for reasonable accommodation in Fair Hearing process.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Local Service Providers provide all interested individuals equal opportunity to apply for LIHEAP programs, and may not discourage any interested individual from submitting an application for LIHEAP assistance. Local Service Providers act upon all applications in writing within 15 working days.

Pursuant to Title 22 of the California Code of Regulations, Section 100805, Local Service Providers are required to establish a written appeals process to enable applicants who are denied benefits or services, or who receive untimely response or unsatisfactory performance, the right to appeal the decision or performance to the Contractor. The process must include, at a minimum, all of the requirements of Section 100805 subdivision (b), plus:

1. Provisions that ensure that each applicant is notified in writing of the right to appeal a denial of or untimely response to an application, or to appeal unsatisfactory performance, and the process to request such an appeal, at the time that each applicant submits an application. Such notification shall include information about the right to appeal to both the Contractor and to CSD.
2. Provisions that ensure that Local Service Providers will make a good faith effort to resolve each appeal.
3. Provisions that ensure that Local Service Providers notify the applicant in writing of the Local Service Provider's final decision within 15 working days after the appeal is requested. If the appeal is denied, the written notification must include instructions on how to appeal the decision to CSD. Whenever Local Service Providers notify an applicant of a denial of an appeal, Local Service Providers simultaneously provide a copy of the final decision CSD.
4. Provisions to enable Local Service Providers to collect information on denials and appeals in its regular program reporting.

12.5 When and how are applicants informed of these rights?

Local Service Providers inform, at the time of intake, all applicants of their right to appeal all claims for assistance that are denied or are not acted upon with reasonable promptness.

1. Local Service Providers review all claims from applicants who are determined ineligible for benefits or who have submitted written notice that there has been an unreasonable delay in processing their application or receiving their benefits.
2. Local Service Providers conduct a structured, fair, and impartial meeting within 5 working days of the initial request for appeal and are required to make a good faith effort to resolve the applicant's complaint(s) at the local level. The Local Service Provider, as contractor, makes a written finding which sets forth the case of both parties and the decision of the Local Service Provider.
3. If the appeal is not resolved at the local level, Local Service Providers inform the applicant that an appeal to the State agency (CSD) may be requested as part of the Fair Hearing process and shall provide the applicant with the appropriate form.
4. If the applicant decides to appeal to CSD, the applicant submits a written appeal request to be received by CSD within 10 days from the date of the contracted Local Service Provider's final decision. Upon request from CSD, Local Service Providers provide all supportive documentation to be received by the State via email or postmarked within 5 working days.
5. Within 10 working days of receipt of the requested documentation from the contracted Local Service Provider, the CSD Fair Hearing Officer reviews the appeal and supportive documentation, confers with the appellant and the contracted Local Service Provider if necessary, and notifies parties of the hearing. Within 30 days from the date of the hearing, the parties are notified of the Fair Hearing Officer's decision in writing.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

During intake, Local Service Providers inform applicants of their right to appeal all claims for assistance that are denied or are not acted upon with reasonable promptness.

1. Local Service Providers review all claims from applicants who are determined ineligible for benefits or who have submitted written notice that there has been an unreasonable delay in processing their application or receiving their benefits.
2. Local Service Providers conduct a structured, fair, and impartial meeting within 5 working days of the initial request for appeal and are required to make a good faith effort to resolve the applicant's complaint(s) at the local level. The Local Service Provider, as contractor, makes a written finding which sets forth the case of both parties and the decision of the Local Service Provider.
3. If the appeal is not resolved at the local level, Local Service Provider informs the applicant that an appeal to the State agency (CSD) may be requested as part of...
the Fair Hearing process and shall provide the applicant with the appropriate form.

4. If the applicant decides to appeal to CSD, the applicant submits a written appeal request to be received by CSD within 10 days from the date of the contracted Local Service Provider's final decision. Upon request from CSD, Local Service Providers provide all supportive documentation to be received by the State via email or postmarked within 5 working days.

5. Within 10 working days of receipt of the requested documentation from the contracted Local Service Provider, the CSD Fair Hearing Officer reviews the appeal and supportive documentation, confers with the appellant and the contracted Local Service Provider if necessary, and notifies parties of the hearing. Within 30 days from the date of the hearing, the parties are notified of the Fair Hearing Officer's decision in writing.

### 12.7 When and how are applicants informed of these rights?

During intake, Local Service Providers inform applicants of their right to appeal all claims for assistance that are denied or are not acted upon with reasonable promptness.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Local Service Providers address the energy needs of low-income households by conducting a thorough energy needs assessment of each client, providing budget counseling, energy conservation education, and coordination with utility companies. Whenever possible, weatherization services are also provided to offer a preventive, holistic and long-term solution to energy needs.

Local Service Providers maintain a source document that substantiates that the client was provided these services. The document is kept on file by the contractor and is reviewed during routine program evaluation visits made by CSD staff.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Up to 5% of the total block grant is allocated specifically for Assurance 16 activities and distributed by formula to the contractor network. CSD provides a budget form for contractors to account for Assurance 16 activities.

Local Service Providers are contractually required to submit monthly expenditure and activity reports to CSD. These reports are monitored cumulatively to ensure that no more than 5% is spent on Assurance 16 activities. The data is entered into an automated database management system, which calculates and verifies compliance. Status reports are printed regularly for use by CSD staff. Issues needing clarification and areas of concern are more readily identified with the automated system that, in turn, allows for a more timely resolution with contractors.

Local Service Providers are made aware of the 5% cap, and through the local planning process, have the flexibility to submit proposed funding levels up to the 5% cap, for activities specifically targeted for Assurance 16.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

Local Service Providers provide each applicant with budget counseling, energy conservation education and coordination with utility companies.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

N/A

13.5 How many households applied for these services? 2,324,058

13.6 How many households received these services? 2,324,058

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
### Section 14: Leveraging Incentive Program, 2607(A)

14.1 Do you plan to submit an application for the leveraging incentive program?

Yes

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

Local Agencies participating in the Leveraging Incentive Program are required to submit a leveraging report to CSD. Agencies are required to retain all support documentation for period of three (3) years.

14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. § 96.87(d)(2)(iii), describe the following:

The coordination of these programs enables the agencies to expand services to families who otherwise would not receive assistance due to lack of information about the programs. This coordination occurs through prearranged agreements between the local CSD/LIHEAP contractors and the utility companies. The LIHEAP contractors work in direct conjunction with the utility companies by maintaining ongoing communication to screen and refer potential clients and coordinate benefits. In order to maximize the impact and effectiveness of both programs, applicants are screened to determine if the applicant from either source has already received any benefits. The applicant is provided assistance in completing an application for the reduced rate programs at the time the applicant is being assisted for HEAP.</td>

To ensure that low-income households have year-around access to energy assistance and that the greatest number of low-income household receive assistance, local agencies have coordinated the services provided under LIHEAP with local private and public energy assistance programs. 16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

January 1, 2014, CSD implemented changes to its intake form to meet the required LIHEAP performance measures reporting. The intake form now collects information on the applicant's main and secondary heating sources, if the household has a past due notice or if the gas or electricity is shut off, and if the household is out of fuel. CSD's already collects information on heating and cooling replacement and repairs.

July 1, 2014, CSD modified its internal reporting system to enable CSD's local service providers to transfer the data collected from the intake form into CSD's reporting system.

Over the next federal fiscal year, CSD will continue its efforts to partner with Investor Owned Utilities to obtain utility consumption data.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll.
