4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

Each LIHEAP subgrantee agreement requires that the subgrantee defines in a written policy what criteria and verification will be used to determine if a household has a home energy crisis. The Low Income Home Energy Assistance Act of 1981 defines the term "energy crisis" as meaning, "weather-related and supply shortage emergencies and other household energy-related emergencies." LIHEAP eligibility is based on the total number of people in the household, total household income, and the need for energy assistance. The program parameters only include energy-related emergencies. The policy must encourage households to seek assistance prior to incurring non-energy penalties. Local agencies are allowed to use in their definition of crisis the following components: shut-off notice, power already disconnected, deposits, fees (except those that cannot be paid from LIHEAP such as tampering fees, fees due to insufficient funds, etc.), current utility bill with a past due amount, past due notice, etc.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis is determined to be an energy crisis as described in 4.2, but that if the energy crisis is not resolved, will be physically detrimental to the applicant household, such as non-refrigeration of life-saving medicines, non-use of required oxygen/CPAP machines, or extreme temperatures adversely affecting vulnerable members of the household.

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Florida plans to implement full data collection of all four required LIHEAP performance measures beginning in FY 2015 (October 1, 2014), with first reporting available by December 15, 2015. Florida plans to accomplish this in stages.

Stage 1 - conduct a sampled pilot testing involving one large public utility and several participating agencies to determine exactly what information is needed, how best to collect that information, and how long it will take to get the data. Items to be addressed during this pilot will include any needed changes to vendor agreements, client release statements, and data collection programs. This initial phase will be conducted using Excel spreadsheet reporting.

Stage 2 - formalize the instructions and processes for completing the data collection and provide regional training sessions for all LIHEAP agencies. Training will include how to collect data, how to revise vendor agreements (if necessary), and revision of the statewide intake application to include a signed release from clients. During this stage, Department staff will be working with a consulting group to design a web-based data reporting tool to take the place of Excel.

Stage 3 - full implementation of all data reporting requirements via current 'best way' to report the data. The Department will combine the information at the state level for reporting to HHS.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

- 3. For grantees other than individuals, Alternate I applies.**
- 4. For grantees who are individuals, Alternate II applies.**

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.**
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).**
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).**
