Section 4: CRISIS ASSISTANCE

4.1 Designate the income eligibility threshold used for the crisis component

<table>
<thead>
<tr>
<th>Add</th>
<th>Household size</th>
<th>Eligibility Guideline</th>
<th>Eligibility Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>All Household Sizes</td>
<td>HHS Poverty Guidelines</td>

</tr>
</tbody>
</table>

4.2 Provide your LIHEAP program’s definition for determining a crisis.

Each LIHEAP subgrantee agreement requires that the subgrantee defines in a written policy what criteria and verification will be used to determine if a household has a home energy crisis. The Low Income Home Energy Assistance Act of 1981 defines the term “energy crisis” as meaning, “weather-related and supply shortage emergencies and other household energy-related emergencies.” LIHEAP eligibility is based on the total number of people in the household, total household income, and the need for energy assistance. The program parameters only include energy-related emergencies. The policy must encourage households to seek assistance prior to incurring non-energy penalties. Local agencies are allowed to use in their definition of crisis the following components: shut-off notice, power already disconnected, deposits, fees (except those that cannot be paid from LIHEAP such as tampering fees, fees due to insufficient funds, etc.), current utility bill with a past due amount, past due notice, etc.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis is determined to be an energy crisis as described in 4.2, but that if the energy crisis is not resolved, will be physically detrimental to the applicant household, such as non-refrigeration of life-saving medicines, non-use of required oxygen/CPAP machines, or extreme temperatures adversely affecting vulnerable members of the household.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes

4.7 Check the appropriate boxes below and describe the policies for each

- Do you require an Assets test? No
- Do you give priority in eligibility to:
  - Elderly? Yes
  - Disabled? Yes
  - Young Children? Yes
  - Households with high energy burdens? Yes
  - Other? No

In Order to receive crisis assistance:

- Must the household have received a shut-off notice or have a near empty tank? Yes
- Must the household have been shut off or have an empty tank? Yes
- Must the household have exhausted their regular heating benefit? No
- Must renters with heating costs included in their rent have received an eviction notice? No
- Must heating/cooling be medically necessary? No
- Must the household have non-working heating or cooling equipment? No
- Other? delinquent notices Yes
Do you have additional / differing eligibility policies for:

<table>
<thead>
<tr>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Renters?</td>
<td>No</td>
<td></td>
</tr>
<tr>
<td>Renters living in subsidized housing?</td>
<td>Yes</td>
<td></td>
</tr>
<tr>
<td>Renters with utilities included in the rent?</td>
<td>No</td>
<td></td>
</tr>
</tbody>
</table>

Explanations of policies for each "yes" checked above:

Additional requirements for CRISIS Assistance: At least one member of the household must be a legal resident; household must not have received the same type of benefit within the same season (i.e., one cooling crisis and one heating crisis per season); must show proof that the applicant is responsible to pay for part or all of the utility bill.

Local provider agencies give priority in appointments to households with members in one or more of the vulnerable population, and depending on funding, may only provide crisis benefits to households with one or more members of a vulnerable population.

Additional requirements for RENTERS LIVING IN SUBSIDIZED HOUSING: Applicants are eligible for both crisis and non-crisis benefits; however, the portion of the utilities subsidized through the housing program must be deducted from any CRISIS benefit received.

Determination of Benefits

4.8 How do you handle crisis situations?

- Separate component

Fast Track

Other - Describe:

4.9 If you have a separate component, how do you determine crisis assistance benefits?

- Amount to resolve the crisis.

Other - Describe:

Amount to resolve the crisis, up to the maximum of $600 per occurrence. Applicants are eligible to receive one COOLING crisis (April-September) and one HEATING crisis (October-March) per season.

Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

The highest ranking proposal will be chosen to be the provider agency for the unserved area.

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Florida plans to implement full data collection of all four required LIHEAP performance measures beginning in FY 2015 (October 1, 2014), with first reporting available by December 15, 2015. Florida plans to accomplish this in stages.

Stage 1 - conduct a sampled pilot testing involving one large public utility and several participating agencies to determine exactly what information is needed, how best to collect that information, and how long it will take to get the data. Items to be addressed during this pilot will include any needed changes to vendor agreements, client release statements, and data collection programs. This initial phase will be conducted using Excel spreadsheet reporting.

Stage 2 - formalize the instructions and processes for completing the data collection and provide regional training sessions for all LIHEAP agencies. Training will include how to collect data, how to revise vendor agreements (if necessary), and revision of the statewide intake application to include a signed release from clients. During this stage, Department staff will be working with a consulting group to design a web-based data reporting tool to take the place of Excel.

Stage 3 - full implementation of all data reporting requirements via current 'best way' to report the data. The Department will combine the information at the state level for reporting to HHS.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

*Controlled substance* means a controlled substance in Schedules I through V of the
Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

_Employee_ means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
