2.2 Do you have additional eligibility requirements for heating assistance? Yes

2.3 Check the appropriate boxes below and describe the policies for each.

- Do you require an Assets test? No
- Do you have additional/differing eligibility policies for:
  - Renters? No
  - Renters Living in subsidized housing? Yes
  - Renters with utilities included in the rent? Yes

- Do you give priority in eligibility to:
  - Elderly? Yes
  - Disabled? Yes
  - Young children? Yes
  - Households with high energy burdens? Yes
  - Other? No

Explanations of policies for each "yes" checked above:

Renters with subsidized housing are ineligible for crisis assistance. Renters with utilities included in rent are ineligible for assistance for the utility that is included. Indiana does not provide direct pay to clients—only to utility vendors.

According to Section 800, all local service providers provide all vulnerable populations with a copy of the heating application in the mail. Agencies also target outreach activities to senior living facilities and apartment complexes where large vulnerable populations live.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

In the 2015 Benefit Matrix, households with vulnerable populations are given 3 points, whereas households without those populations do not receive the 3 points.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
  - Fuel type
  - Climate/region
  - Individual bill
  - Dwelling type
  - Energy burden (% of income spent on home energy)

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits? No

If yes, describe.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 3 - Cooling Assistance

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

3.1 Designate The income eligibility threshold used for the Cooling component:

<table>
<thead>
<tr>

3.2 Do you have additional eligibility requirements for COOLING ASSISTANCE? No

3.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test? No

Do you have additional/differing eligibility policies for:

- Renters? No
- Renters Living in subsidized housing? Yes
- Renters with utilities included in the rent? Yes

Do you give priority in eligibility to:

- Elderly? Yes
- Disabled? Yes
- Young children? Yes
- Households with high energy burdens? Yes
- Other? No

Explanations of policies for each "yes" checked above:

Renters with subsidized housing are ineligible for crisis assistance. Renters with utilities included in rent are ineligible for assistance for the utility that is included. Indiana does not provide direct pay to clients—only to utility vendors.

3.4 Describe how you prioritize the provision of cooling assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

All winter recipients may be eligible to receive a summer cooling assistance benefit as long as the utility is not included in rent and the customer of record is at least one current household member. For vulnerable households, they may request a window air conditioning unit. The household must complete a medical affidavit and not have received a unit within the last five years.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

3.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
  - Fuel type
  - Climate/region
  - Individual bill
  - Dwelling type
  - Energy burden (% of income spent on home energy)
- Energy need
### Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

3.6 Describe estimated benefit levels for FY 2015:

| Minimum Benefit | $50 | Maximum Benefit | $150 |

3.7 Do you provide in-kind (e.g., fans, air conditioners) and/or other forms of benefits? Yes

If yes, describe.

Vulnerable households may receive an air conditioning unit once every five years as long as the household has a documented medical condition and has a signed medical affidavit.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
### Section 4: CRISIS ASSISTANCE

#### Low Income Home Energy Assistance Program (LIHEAP)

#### 4.2 Provide your LIHEAP program’s definition for determining a crisis.

Indiana defines a crisis as:

- Up for disconnection with a disconnect notice
- Disconnected (no active service)
- Nearly out of fuel (Indiana does not current define nearly out of fuel).
- Out of fuel (an empty tank and in need of a delivery)

Crisis benefits are based on the documentation provided. If the regular benefits are insufficient to mitigate the crisis, then crisis funds are released to meet the crisis amount provided in the application.

#### 4.3 What constitutes a life-threatening crisis?

Life-threatening crisis is defined as having no fuel or no working heat during inhabitable weather conditions.

### Crisis Requirement, 2604(c)

#### 4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households?

- 48 Hours

#### 4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations?

- 18 Hours

### Crisis Eligibility, 2605(c)(1)(A)

#### 4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE?

- No

#### 4.7 Check the appropriate boxes below and describe the policies for each

- **Do you require an Assets test?**

  - Must the household have been shut off or have an empty tank?  
    - Yes
  - Must the household have exhausted their regular heating benefit?  
    - Yes
  - Must renters with heating costs included in their rent have received an eviction notice?  
    - No
  - Must heating/cooling be medically necessary?  
    - No
Must the household have non-working heating or cooling equipment?  No

Other?  No

Do you have additional / differing eligibility policies for:

Renters?  No

Renters living in subsidized housing?  Yes

Renters with utilities included in the rent?  Yes

Explanations of policies for each "yes" checked above:

Renters with subsidized housing are ineligible for crisis assistance. Renters with utilities included in rent are ineligible for assistance for the utility that is included. Indiana does not provide direct pay to clients- only to utility vendors.

Determination of Benefits

4.8 How do you handle crisis situations?

Separate component

Fast Track

Other - Describe:

4.9 If you have a separate component, how do you determine crisis assistance benefits?

Amount to resolve the crisis.

Other - Describe:

Clients are required to submit a copy of the most recent utility bill as a part of the eligibility process. If the regular benefit fails to mitigate the crisis, then the local service provider will allocate enough crisis assistance to prevent the disconnection, restore service, or get a delivery. For regulated vendors, the clients can receive up to $200. Crisis is only given at the time of the appointment. For delivered fuels, the clients may receive up to $400. Also for delivered fuel clients, the clients may take the crisis benefit in a second visit if the original regular benefit was enough to mitigate the crisis at the time of the visit, but the client is in crisis again.

Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

Yes Explain.

Indiana has 24 local service providers who subcontract with local agencies to ensure that there is presence for clients in all 92 counties.

4.11 Do you provide individuals who are physically disabled the means to:

Submit applications for crisis benefits without leaving their homes?

Yes If No, explain.

Travel to the sites at which applications for crisis assistance are accepted?

Yes If No, explain.

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?

Benefit Levels, 2605(c)(1)(B)

4.12 Indicate the maximum benefit for each type of crisis assistance offered.

Winter Crisis  $400 maximum benefit

Summer Crisis  $0 maximum benefit

Year-round Crisis  $0 maximum benefit

4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?

No If yes, Describe

4.14 Do you provide for equipment repair or replacement using crisis funds?

No
If you answered “Yes” to question 4.14, you must complete question 4.15.

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes

If you responded “Yes” to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

According to Section 100 of the Program Operations Manual, below is a summary of moratorium protection, as defined by Indiana code.

108 MORATORIUM

108.1 Indiana Code on Utility Shutoff Moratorium

The Indiana General Assembly has enacted Indiana Code 812121 governing the termination of natural gas and electric service without the customer's request. This law, which first became effective in 1983, states that a utility (municipally-owned, privately-owned or cooperatively-owned) may not, during the period from December 1 through March 15 of any year, terminate residential utility service to any customer who is eligible for and who has applied for the Energy Assistance Program.

Utilities may not disconnect service to EAP recipients if:

- the customer has submitted a complete application and eligibility has been determined by the local LSP or their subcontractor; and/or,

- the customer has furnished proof to the utility provider of his/her application to receive such benefits, or the local LSP has notified the utility in writing.

See the complete Utility Shutoff Moratorium in the Appendix 0.

Who is a covered utility?: A covered utility is an electric or gas utility, including a municipally owned, privately owned, or cooperatively owned utility, then the company qualifies as a “utility” for the purposes of the moratorium law. The definition of “municipally owned utility” means every utility owned or operated by any city or town in Indiana.

Who is a customer?: Any person who has agreed to pay for electric or gas services exclusively for residential purposes is a customer. Receipt of an EAP benefit does not affect someone's status as a customer.
108.2 Moratorium Qualifications

Any household who has qualified for EAP on or after October 1 cannot have its service disconnected between December 1 and March 15. A “qualified” household is defined as a household that has submitted a complete application to its local LSP or designee, and a staff person at the agency has determined or is determining that eligibility meets the program requirements based on household income, number of household members, and utility bills. (See Section 701 for all of the components of a complete application.)

Simply submitting an application does not automatically make a household eligible. If the local LSP does not have sufficient resources to conduct an eligibility review, then the household is not protected.

108.3 Eligibility without Benefits

Once the household has submitted an application and has been deemed or is being deemed eligible for the EAP benefit, the client is protected under the moratorium, whether a benefit has been received or not. Clients deemed eligible for EAP, but do not have a benefit due to insufficient program funds, will be placed in a HOLD status. All clients deemed eligible, but in a HOLD status, will be placed on a report. That report will be submitted to the utility vendors to ensure moratorium protection. (See Section 1400 on Reporting). Once funding is available, clients on the Hold Status Report will be approved, and the vendors will be contacted about EAP benefits.

108.4 Disconnection Prior to December 1

If a utility has negotiated a payment arrangement with a client who has qualified for EAP and that client violates that payment arrangement before Dec. 1, the utility has the right to disconnect that client prior to December 1, as that client is not yet protected by the moratorium. If the same client has active service as of December 1, the utility may not disconnect that client until March 16.

108.5 Benefit Refusal

A utility vendor may refuse an EAP benefit at any time during the heating season. Benefit refusal does not prevent moratorium protection. A client who has submitted a complete application and is being deemed or has been deemed EAP eligible and has active service on December 1 will receive moratorium protection through March 15.

108.6 Landlord/Tenant Agreements and Moratorium Protection

Based on the utility policy change, utilities are required to be in the name of a household member, age 18 or over, unless the lease agreement requires the utilities to be listed in the landlord's name. Circumstance may arise where landlords and tenants must create a utility payment arrangement to ensure that the utility bills are paid on time. This policy provides clarification on moratorium protection when the payment arrangement between the landlord and client is breached.

If the utility is listed in the landlord's name, but the client has breached payment agreement with the landlord, the landlord may request service disconnection during the moratorium period. Though the client was deemed eligible for EAP assistance, the landlord is the customer of record on the utility bill.

If the utility is listed in the client's name, but the landlord has breached the payment agreement, then the client is protected under the moratorium because the client is the customer of record on the utility bill.

108.7 Disconnection during Moratorium

Regulations allow utilities to disconnect service for a customer otherwise covered under the moratorium in the following circumstances:

- If a condition dangerous or hazardous to life, physical safety, or property exists.
- Upon order by any court, the IURC, or other duly authorized public authority.
- If fraudulent or unauthorized use of electricity or gas is detected, and the utility has reasonable grounds to believe the affected customer is responsible for such use.
- If the utility's regulating or measuring equipment has been tampered with and the utility has reasonable grounds to belief that the affected customer is responsible
for such tampering.

- Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.
- Publish articles in local newspapers or broadcast media announcements.
- Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.
- Mass mailing(s) to prior-year LIHEAP recipients.

Section 8: Agency Designation, 2605(b)(6) - Assurance 6 (Required for state grantees and the Commonwealth of Puerto Rico)

### 8.1 How would you categorize the primary responsibility of your State agency?

- Administration Agency
- Commerce Agency
- Community Services Agency
- Energy / Environment Agency
- Housing Agency
- Welfare Agency
- Other - Describe: Housing and Community Development

### Alternate Outreach and Intake, 2605(b)(15) - Assurance 15

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

#### 8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

According to Assurance 3, states are required to conduct outreach activities that will assure that eligible households, especially households with elderly individuals or disabled individuals, or both, are made aware of available assistance. All agencies serve these households through a mail-in process, which allows the eligibility determination to be accomplished without a face-to-face interview.

Some agencies have included families with children under age six (6), the other "at-risk" group in EAP. We encourage agencies to continue to expand their mail-in groups, particularly experimenting with the working poor to whom coming to the office may mean taking time from a job and losing pay.

#### 8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

In addition to a public notice to the community, each local service provider provides a credit, when possible, to the cooling account for all clients served during for winter assistance.

#### 8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

Information on crisis assistance is available as part of the mail-in process, public notice of available funding sent to community and during in-person intake appointments.

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

Effective FY2013, local service providers submit an annual service delivery plan prior to receiving funding. Indiana utilizes the community action network in 91 of 92 counties and a community based organization for one county.

8.7 How many local administering agencies do you use? 24

8.8 Have you changed any local administering agencies in the last year? Yes

8.9 If so, why?
- Agency was in noncompliance with grantee requirements for LIHEAP -
- Agency is under criminal investigation
- Added agency
- Agency closed
- Other - describe

In Marion County, Indiana, there were two local service providers for FY 2012-2014. In FY2014, Indiana released a request for proposals (RFP) to identify one service provider that would maximize community collaboration and strategically coordinate resources within the county. The Marion County Consortium was chosen as the primary service provider for Marion County. The Consortium is a collaboration between the John H Boner Center, Connect 2 Help, and the United Way of Central Indiana. The United Way of Central Indiana will serve as the fiscal agent for the group. The Consortium has identified over 80 partners, will implement new technological resources for service delivery, and provide a more streamlined approach to customer service. By implementing these measures, the Consortium will increase service capacity in Marion County.

<tbody>
<tr>
<td>Cooling</td>
<td>Yes</td>
</tr>
<tr>

**Are there exceptions? Yes**

If yes, Describe.

Each local service providers creates a system generated transmittal that lists every approved EAP household with their customer of record, head of household, service address, account number, and benefit amount (one for regular and one for crisis). The transmittal is sent to the vendors for payment. The vendors approve the transmittals or make corrections with the agency prior to approval. The approved transmittal is remitted to the State and paid through the state's accounting software.

### 9.2 How do you notify the client of the amount of assistance paid?

Each applicant, whether approved or denied, receives a benefit notification letter with the date of approval, amount of assistance, and a list of vendors that were paid.

### 9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Policies and procedures regarding the distribution of LIHEAP benefits and billing are outlined in the annual vendor agreement. The vendor agreement must be signed and remitted to IHCDA prior to the distribution of benefits.

### 9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This information is outlined in the annual vendor agreement that must be signed and remitted to IHCDA prior to the distribution of benefits.

### 9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?
As a part of the monitoring visit, the monitoring consultants test transmittal process. The test includes tracking applications to approval, the submission of transmittals to vendors, the approved transmittals back to the agency, and then the transmittal being submitted to IHCDA for approval. The transmittal process has metrics, such as approved transmittals must be sent to IHCDA for payment within five days of receipt from the utility vendor. IHCDA also reviews A-133 audits for all local service providers and provides follow up to ensure that all LIHEAP related findings have been resolved and closed.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?
Yes

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.
No Findings

10.4. Audits of Local Administering Agencies

What types of annual audit requirements do you have in place for local administering agencies/district offices? Select all that apply.

- Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
- Local agencies/district offices are required to have an annual audit (other than A-133)
- Local agencies/district offices’ A-133 or other independent audits are reviewed by Grantee as part of compliance process.
- Grantee conducts fiscal and program monitoring of local agencies/district offices

Compliance Monitoring

10.5. Describe the Grantee's strategies for monitoring compliance with the Grantee's and Federal LIHEAP policies and procedures: Select all that apply

Grantee employees:

- Internal program review
- Departmental oversight
- Secondary review of invoices and payments
- Other program review mechanisms are in place. Describe:

Local Administering Agencies / District Offices:

- On - site evaluation
- Annual program review
- Monitoring through central database
- Desk reviews
### 10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

IHCDA will pull at least three (3) percent of the agency's client eligibility files and submit the files to the contracted file monitors for the review.

Notification of the visit will be sent at least 30 days prior to the visit. The LSP will receive the monitoring list of files according to the following schedule:

For agencies whose file total is greater than 500, they will be notified no more than 14 days prior to the visit.

For agency's whose file total is less than 500, they will be notified no more than five (5) days prior to the review.

The monitors will conduct the review at the agency's primary (or main) location. Each review will include an entrance review, a client eligibility review, a financial review, a programmatic interview, and an exit interview. The client eligibility review analyzes the components of the application for completeness and accuracy as defined in Section 701. The financial review ensures that EAP applications are remitted via transmittals to utility vendors within 60 days from their approval date and that transmittals are submitted to IHCDA within five (5) days of receipt from the utility vendors. The programmatic interview allows the EAP program staff to explain their QA review process, energy education program, outreach activities for at-risk clients, and intake procedure for taking internal applications.

LSPs that scan and save files electronically may request an extended timeline for organizing files for the annual monitoring visit. LSPs are strongly encouraged to notify the State Office at the start of the program year, if they scan and save files electronically.

### 10.7. Describe how you select local agencies for monitoring reviews.

**Site Visits:**

All 24 agencies receive an annual onsite visit. The visit is conducted by monitoring consultants who serve as agents of the test. The consultants conduct the file review, fiscal testing, and may conduct any subsequent visits pertaining to a corrective action plan if necessary.

**Desk Reviews:**

All 24 agencies receive a subsequent desktop review to ensure that the consultants followed the proper protocols. A subset of the files are retested for accuracy. The state compliance officer follows up on any issues that may have been identified during the monitoring visit.

### 10.8. How often is each local agency monitored?

Each agency is monitored annually.

### 10.9. What is the combined error rate for eligibility determinations? OPTIONAL

Local service providers must an error rate of 14 percent or less to be considered compliant. Any error rate at 15 percent or above will trigger additional monitoring visits.

### 10.10. What is the combined error rate for benefit determinations? OPTIONAL

Local service providers must an error rate of 14 percent or less to be considered compliant. Any error rate at 15 percent or above will trigger additional monitoring visits.

### 10.11. How many local agencies are currently on corrective action plans for eligibility and/or benefit determination issues?

3

### 10.12. How many local agencies are currently on corrective action plans for financial accounting or administrative issues?

0

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Indiana administers the Family Development Program which provides low income households with short and long term case management. As a part of this program, the clients were referred to other local services that will reduce barriers to self-sufficiency and energy security. Agencies also administer an energy education curriculum, whereby LIHEAP recipients receive energy conservation tips and techniques as well as energy conservation kits.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Indiana has budget restrictions that ensure Assurance 16 expenditures are compliant. On the budget, Assurance 16 expenses are captured in Program Support and Family Development.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

Indiana is currently amending its database to track the impact of Assurance 16 activities.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

Indiana provided $1.7 million in benefits.

13.5 How many households applied for these services? 0
